CHAIRMAN'S REVIEW - 31 December 2018

I am pleased to deliver my second review, as Chairman of the Board of Directors ('the Board') of Standard Chartered Bank (Pakistan) Limited ('the Bank'), in line with the requirements of Section 192 of the Companies Act, 2017.

The Board's Overall Role

Standard Chartered Group views high standards of corporate governance as a critical component for the long-term success of all companies and for the economic health and stability of markets across the globe. As part of the Group's approach to corporate governance, the Board fully recognises that the success of the Bank ultimately depends upon the capacity of the directors to provide the vision and direction needed, not only to survive, but to develop and prosper. The Board endeavoured to maintain and strengthen the high level of corporate governance, continuously improving corporate transparency, ensuring the healthy development of the Bank and endeavouring to enhance corporate values.

The Board is comprised of seven members, including three Independent Non Executive Directors. The Board performs its statutory role and fulfils its objectives by ensuring that the Bank has a competent leadership and an effective executive management. The Board then establishes significant policies, frameworks and the code of conduct, and delegates the authorities and responsibilities down the line for the Bank's smooth operations.

The Board has constituted its Sub-Committees with a defined scope of work and reporting procedures and such Committees are discharging their function and duties as per their respective terms of references.

The Board meets frequently enough to discharge adequately its responsibilities and it receives the agenda papers and appropriate supporting material in sufficient time prior to the Board and its Sub-Committee meetings. The Board members have established a very open and candid atmosphere in the boardroom.

In accordance with regulations, the Board has formulated an effective mechanism to undertake the Board Effectiveness Review.

Performance Evaluation of the Board

The Board has a process in place to evaluate and enhance the overall effectiveness of the Board, its Sub-Committees and individual Directors (including the Chief Executive Officer and Independent Non Executive Directors) on an annual basis. The services of an external consultant are engaged to facilitate the Board's annual performance evaluation. The process begins with the design of a set of surveys which are tailored to the specific circumstances of the Bank and are comprised of a mix of rating and free-text questions. All Board members are required to complete their surveys online and the anonymity of the respondents is ensured throughout the process in order to promote an open and frank exchange of views. The consolidated results of the exercise are shared with the Chairman and presented to the Board. The outcomes from the review are collated and form the basis of the action plan which is agreed by the Board for implementation.

This has been another good year for the Board as the overall performance and effectiveness of the Board remained as 'Satisfactory' based on the annual evaluation of the Board which was carried out in 2018 in line with the above stated process. This covered various aspects including the Board's composition and the Board's understanding of its role, responsibilities and duties as well as the Bank's risk profile and regulatory environment. It also reviewed the directors' induction process and training, the Board's involvement in strategy planning, the quality of information which the Board receives and the effectiveness of the follow up on action points. Survey results of individual Directors, including the Chairman and Chief Executive and the Sub-Committee Chairmen were also noted as 'Satisfactory'.

Improvement areas identified during the said performance evaluation of the Board have been mostly addressed and the remaining ones are being tracked, as agreed.

Acknowledgement

I would like to thank all the stakeholders for their trust and support. I also take this opportunity to convey my gratitude to my fellow Board members for their valuable contribution.

IAN BRYDEN
CHAIRMAN
26 February 2019

DIRECTORS' REPORT - 31 December 2018

On behalf of the Board of Directors, I am pleased to present the Directors' Report of Standard Chartered Bank (Pakistan) Limited (SCBPL) along with the audited financial statements and auditors' report thereon for the year ended 31 December 2018.

Economy

After witnessing GDP growth of 5.8% in FY18, Pakistan's economic growth is likely to slow down due to macroeconomic challenges and is expected to achieve a growth of 4% in FY19 which is well below the annual target of 6.2% set earlier during the year.

CPI inflation was recorded at 6.0% in first half of FY19 as compared to FY18 average of 3.8%. Current account deficit was lower by 4.4% at US\$ 8bn during July to December 2018 as compared to a deficit of US\$ 8.4bn last year. Persistent current account deficit has continued to put downward pressure on SBP FX Reserves which fell to USD 7.2bn at year end 2018. Support from bilateral flows has helped to shore up declining FX Reserves. Resultantly, PKR depreciated by 26% between the start of the year through to 31st December 2018. Addressing the external sector financing gap and inflation pick up, SBP has responded by increasing the policy rate by 4.25% during the year followed by 25bps increase in January 2019.

It is expected that a financing facility from IMF will be finalized in the coming months that may ease some pressure on FX Reserves at the cost of strict external and fiscal conditions. On the fiscal front, the Government continues to rely on borrowings from SBP which may further increase inflationary pressure. To extend support to the economy the Government in January 2019 announced a mini-budget mainly to support large scale manufacturing (LSM) and agriculture.

Pakistani banks continue to remain well capitalized with CAR of 16.1% and remain profitable with ROE (after tax) of 13.5% for Q3 2018. Meanwhile, NPLs of the banking sector have declined to 7.5% down from 8.8% in September 2017.

Purpose

At Standard Chartered our purpose is to drive commerce and prosperity through our unique diversity which captures the spirit of Standard Chartered by bringing together the best of what we already have - our incredible diversity of locations, cultures and expertise and ties it to what we do as a Bank - facilitating commerce in the real economy.

Our purpose signifies the way we want to do business with a human aspect as prosperity is not just about financial wealth but contributes towards creating healthier and happier communities. The purpose also embodies a more proactive and high performance culture.

Our strategic pillars

Our strategic pillars continue to be:

- Focus on building profitable, efficient and sustainable advances portfolio across all segments
- Continue to enhance Digital 'main bank' capabilities and maintain market leadership target areas
- Continue deposit growth; through optimal deposit mix
- Leverage the network and differentiate through innovative solutions, product specialisation and structured offshore capabilities
- Strong cost discipline; creating space for investments through saves

The Bank made significant progress on its strategic pillars in 2018.

A record performance in 2018 by the Bank enabled it to deliver a Profit before tax of PKR 18.5 billion. This is 37% higher than the corresponding period last year and the highest profit since incorporation. Overall revenue growth was 12%, whereas client revenue increased by 13% year on year with positive contributions from transaction banking, financial markets and retail products. In-country operating expenses increased by only 5% year on year on account of spending mainly on the Bank's products, services and people to grow the franchise.

All businesses have positive momentum in client income with strong growth in underlying drivers. This is evident from the pickup in net advances which have grown by 23% since the start of this year. This was the result of a targeted strategy to build profitable, high quality and sustainable portfolios. With a diversified product base, the Bank is well positioned to cater for the needs of its clients.

Due to strong risk management and prudent credit expansion, the Bank's loans recovery momentum continues and resulted in a net release of PKR 1.2 billion in 2018.

On the liabilities side, another milestone was achieved whereby the Bank's total deposits crossed over PKR 400 billion. Total deposits grew by 13%, whereas current and saving accounts grew by 15% since the start of this year and are now 94% of the deposits base. The optimal funding structure of the balance sheet continues to support the Bank's performance.

During 2018, the Bank contributed around PKR 12.9 billion to the national exchequer in lieu of direct income taxes, as an agent of Federal Board of Revenue and on account of FED / Provincial Sales Taxes.

The Bank continues to invest in its digital capabilities and infrastructure to enhance our clients' banking experience through the introduction of innovative solutions. We have made steady progress in further strengthening our control and compliance environment by focusing on our people, culture and systems. We are fully committed to sustained growth by consistently focusing on our clients and product suite along with a prudent approach to building the balance sheet while bringing the best in class services to our customers.

Outlook

These results further demonstrate our commitment to delivering a consistent and sustained performance. Having strengthened our foundations on controls and conduct, we recognise the importance of re-energising growth with a focus on income whilst keeping strong cost and risk management. This ensures that returns continue to grow at a sustainable level. The external environment remains challenging and we are committed to improving our performance whilst ensuring our clients' needs are at the heart of everything we do.

External Annual Audit

The financial statements of SCBPL have been audited without any qualification by the auditors of the Bank, namely KPMG Taseer Hadi & Co., Chartered Accountants.

Credit Rating

Pakistan Credit Rating Agency (PACRA) has maintained the Bank's long-term and short-term ratings of "AAA" (Triple A) and "A1+" (A One Plus) respectively in 2018. These ratings denote the lowest expectation of credit risk emanating from an exceptionally strong capacity for timely payment of financial commitments.

Sustainability

As the largest International Bank in the country, with 77 branches in 11 cities of Pakistan, Standard Chartered is an integral part of Pakistan's financial landscape. Through its sustainability and community investment agenda the Bank has demonstrated its

DIRECTORS' REPORT

commitment to the community. Our sustainability strategy seeks to strengthen relationships between our business, community, Government and clients.

In Pakistan, the Bank's community efforts are focused on health and education. Our flagship Community Investment health programme "Seeing is Believing" which focuses on the prevention of avoidable blindness has impacted over 12 million beneficiaries. We have conducted over 500,000 sight restoration surgeries, trained over 60,000 lady healthcare workers, screened over 1.5 million children for refractive problems. We have 24 visually impaired employees working with the Bank.

Through our partners we are accredited with a 20% reduction in avoidable blindness and the Government of Pakistan has appointed Standard Chartered as the only corporate partner with a presence on both the National and Sindh eye councils of the country. Additionally, as a result of our local projects, we have prioritised eye healthcare for women with the support of our partner, Layton Rehmatulla Benevolent Trust (LRBT).

It has now been over two years since the Bank launched Goal in Pakistan. Goal is Standard Chartered's leading girls' education programme. Through a combination of sports and life skills training, Goal aims to empower and equip adolescent girls with the confidence, knowledge and skills they need to be integral economic leaders in their families, communities and societies. Since 2016, we have reached close to 4,500 girls in urban Karachi slums. We have expanded our outreach and presence to over 17 schools by the end of 2018 and hope to grow this further.

To encourage employees to participate in these initiatives and engage with communities, Standard Chartered provides three days paid volunteering leave to each member of staff. In 2018, SCBPL employees logged 1,055 volunteering days.

Statement of Compliance with Listed Companies (Code of Corporate Governance) Regulations, 2017 (the Regulations)

There has been no material departure from the best practices of corporate governance, as detailed in the regulations. ڈائریکٹرز کی رپورٹ

بورڈ آف ڈائریکٹرز کی جانب سے ہم انتہائی مسرت سے اسٹیٹرز ڈیپازٹریٹ (پاکستان) لمیٹڈ کی ڈائریکٹرز رپورٹ مع 31 دسمبر 2018 کو ختم ہونے والے سال کے پڑتال شدہ کھاتہ جات اور آڈیٹرز رپورٹ پیش کر رہے ہیں۔

اکانومی (معیشت):

مالی سال 2018ء میں پاکستان کی مجموعی قومی پیداوار میں 5.8% اضافہ ہوا، جو آنے والے مالی سال میں درجیش معاشی مشکلات کی وجہ سے 4% رہنے کی توقع ہے جو کہ 6.2% کے سالانہ ہدف سے کم ہے۔ مالی سال 2019ء کی پہلی ششماہی میں افراط زر کی شرح 6% رہی جو مالی سال 2018ء میں 3.8% تھی۔ کرنٹ اکاؤنٹ خسارہ پچھلے سال 8.4 ارب ڈالر کے مقابلے میں جولائی تا دسمبر 2018ء کے دوران 8 ارب ڈالر رہا جو کہ 4.4% کم ہے۔ کرنٹ اکاؤنٹ میں مسلسل خسارے کی وجہ سے اسٹیٹ بینک آف پاکستان کے غیر ملکی زرمبادلہ کے ذخائر پر دباؤ رہا جو کہ مالی سال 2018ء کے اختتام پر 7.2 ارب ڈالر رہ گئے، جس کے نتیجے میں شروع سال سے 31 دسمبر 2018 تک روپے کی قدر میں 26 فیصد کمی دیکھنے میں آئی تاہم دوست ممالک کے تعاون کی وجہ سے زرمبادلہ کے ذخائر میں استحکام آیا ہے۔ بیرونی مالیاتی خسارے اور افراط زر پر قابو پانے کیلئے اسٹیٹ بینک آف پاکستان نے پالیسی ریٹ میں رواں سال کے دوران 4.25% اور جنوری 2019ء میں 0.25% کا اضافہ کیا۔

یہ توقع کی جاتی ہے کہ آئی ایم ایف سے فنڈنگ فیصلی سخت بیرونی اور مالیاتی شرائط کے ساتھ آئندہ مہینوں میں حتمی شکل اختیار کرے گی جس سے زرمبادلہ کے ذخائر پر دباؤ میں کچھ کمی آسکتی ہے۔ مالیاتی محاذ پر حکومت کا اسٹیٹ بینک آف پاکستان سے قرضوں پر انحصار جاری رہا جس سے افراط زر کا دباؤ مزید بڑھ سکتا ہے۔ معیشت میں بہتری کیلئے حکومت نے جنوری 2019ء میں نئی بجٹ کا اعلان کیا ہے جس میں لارج اسکیل مینوفیکچرنگ اور زراعت کیلئے مراعات رکھی گئی ہیں۔

2018ء کی تیسری سہ ماہی کے نتائج کے مطابق شعبہ بینکاری کے موضوع سرمائے (CAR) کی شرح 16.1% اور سرمائے پر منافع (ROE) کی شرح 13.5% رہی۔ غیر فعال قرضے 30 ستمبر 2018ء کو کل قرضوں کا 7.5% ہو گئے جو متقابل عرصے میں 8.8% تھے۔

مقصد:

Driving Commerce and Prosperity through our Unique Diversity اسٹیٹرز ڈیپازٹریٹ کے اساس کا احاطہ کرتی ہے، جسے ہم اپنی بہترین صلاحیتوں، جداگانہ مقامات پر موجودگی، تہذیب اور مہارتوں کو بروئے کار لاتے ہوئے حقیقی معیشت میں کاروبار کے فروغ کے لئے بطور بینک باہم پہنچاتے ہیں۔

یہ مقصد ہمارے طرز کار و بار کا عکاس ہے جس میں انسانی پہلو کو ایک خاص اہمیت حاصل ہے۔ ہمارے لیے ترقی کا مقصد صرف مال و دولت کا حصول نہیں بلکہ ایک صحت افزا اور خوشحال معاشرے کے قیام میں معاونت بھی ہے۔ یہ مقصد ایک زیادہ پُر اثر اور فعال ماحول کو بھی تقویت دیتا ہے۔

ہماری حکمت عملی

بینک کی حکمت عملی کے بنیادی اصول درج ذیل ہیں:

- 1 تمام سیکٹرز میں منافع بخش، موثر اور مستحکم قرضہ جاتی پورٹفولیو کی تشکیل
 - 2 اپنی ڈیجیٹل صلاحیتوں میں مسلسل بہتری، تاکہ مارکیٹ میں اپنا امتیازی مقام برقرار رکھ سکیں
 - 3 معیاری ڈپازٹس کس برقرار رکھتے ہوئے، کھاتہ جات (ڈپازٹس) کا مستقل بڑھاؤ
 - 4 نیٹ ورک، جدید سہولیات، پروڈکٹ میں مہارت اور منظم عالمی صلاحیتوں کو بروئے کار لاتے ہوئے اپنی انفرادیت کو قائم رکھنا
 - 5 اخراجات پر سخت نظم و ضبط رکھنا، تاکہ بچت کے ذریعے سرمایہ کاری کیلئے جگہ بنائی جاسکے
- بینک نے 2018ء میں حکمت عملی کے بنیادی اصولوں میں نمایاں کارکردگی دکھائی۔

8,245	11,239	11,239	بعد از ٹیکس منافع
2.13	2.90	2.90	فی شخص آمدن (EPS) - روپیہ

بینک نے 2018ء میں ریکارڈ کارکردگی کا مظاہرہ کیا اور 18.5 ارب روپے کا قبل از ٹیکس منافع کمایا جو کہ پچھلے سال کے مقابلے میں 37 فیصد زیادہ ہے اور بینک کی قیام سے لے کر اب تک کا بلند ترین منافع ہے۔ رواں سال کے دوران بینک کی مجموعی آمدن میں 12% اور محصولات صارف میں 13% کا اضافہ ہوا اور ٹرانزیکشن بینکنگ، مالیاتی مارکیٹس اور ریٹیل پروڈکٹس نے نمایاں کارکردگی دکھائی۔ انتظامی اخراجات میں سال بہ سال صرف 15% اضافہ دیکھا گیا جو بینک کی پروڈکٹ، خدمات، افراد اور فرنیچر میں سرمایہ کاری کا مظہر ہے۔

تمام کاروبار نے صارف کی آمدن میں بنیادی محرکات میں زبردست ترقی اور نمو کے ساتھ مثبت رفتار رکھی۔ یہ قرضہ جات (ایڈوانس) میں اضافہ سے عیاں ہے، جو کہ سال نو کے آغاز سے 23% بڑھ گئے۔ یہ ہدف بہ ہدف حکمت عملی کا نتیجہ تھا، تاکہ ایک منافع بخش، معیاری اور مستحکم پورٹ فولیو کی تشکیل اور تعمیر ہو۔ پروڈکٹ کے متنوع اساس کے ساتھ بینک اپنے صارفین کی ضروریات کی تکمیل کے کیلئے پوری طرح آراستہ ہے۔

مستحکم رسک مینجمنٹ اور محتاط کریڈٹ ایلیمنٹیشن کی وجہ سے بینک کے قرضوں کی وصولی کی رفتار کا تسلسل برقرار ہے جس کے نتیجے میں 2018ء کے دوران 1.2 ارب روپے کے نیٹ ریلیز عمل میں آئی۔

واجبات (liabilities) کے پہلو سے، بینک نے رواں سال کے دوران ایک تاریخی سنگ میل حاصل کیا جب اس کے مجموعی کھاتہ جات 400 ارب روپے سے تجاوز کر گئے۔ مجموعی طور پر کھاتوں میں 13% کا اضافہ ہوا جبکہ اس سال کے آغاز سے جاری (Current) اور بچت (Saving) کے کھاتوں میں 15% اضافہ ہوا۔ کم لاگت کھاتہ جات میں مسلسل اضافے نے جاری اور بچت کھاتوں کے ساتھ جو کہ کل کھاتہ جات کے 94% پر مشتمل ہے، بینک کی کارکردگی میں نمایاں مدد کی ہے۔

2018ء کے دوران، بینک نے ڈائریکٹ انکم ٹیکس، بطور فیڈرل بورڈ آف ریونیو کے ایجنٹ اور FED / صوبائی سٹریٹجکس کی مدد میں قومی خزانے میں 12.9 ارب روپے جمع کروائے۔

ڈائریکٹرز کی رپورٹ

اپنے صارفین کو جدید سہولیات سے متعارف کروانے کیلئے بینک اپنی ڈیجیٹل صلاحیتوں اور بنیادی ڈھانچے میں مسلسل سرمایہ کاری کر رہا ہے۔ ہم نے نظام کی بہتری کیلئے اپنے لوگوں کی تربیت، اقدار اور انضباط کی مضبوطی پر خصوصی توجہ دی ہے۔ ہم نے Balance Sheet کے استحکام کیلئے دانشمندانہ حکمت عملی اپنائی ہے ہم نے اپنی خصوصی توجہ صارفین کیلئے اعلیٰ معیار کی خدمت فراہم کرنے اور اپنی پروڈکٹ پورٹ فولیو کو بہتر بنانے پر مرکوز کر رکھی ہے۔

معاشی منظر نامہ:

یہ نتائج ہمارے عزم اور مستحکم کارکردگی کی ترسیل کی عکاسی کرتے ہیں۔ اپنے انضباط اور اختیارات کے ڈھانچے کو مضبوط کرنے کے بعد ہم آمدنی میں اضافے کی اہمیت کو سمجھتے ہوئے، اخراجات میں احتیاط اور معاشی خطرات سے نمٹنے کی صلاحیت رکھتے ہیں۔ اقتصادی ماحول کے خطرات کو مد نظر رکھتے ہوئے ہم ثابت قدم ہیں کہ ہم اپنی کارکردگی کو بہتر کریں گے اور ساتھ ہی صارفین کی ضروریات کو اپنے ہر عمل میں ترجیح دیں گے۔

سالانہ بیرونی آڈٹ:

اسٹینڈرڈ چارٹرڈ بینک کے کھاتہ جات کا آڈٹ بینک کے آڈیٹرز کے پی ایم جی تاثیر مادی اینڈ کو، چارٹرڈ اکاؤنٹنٹ نے کیا اور بغیر کسی اختلاف پہ مبنی رپورٹ پیش کی۔

کریڈٹ ریٹنگ:

2018ء میں پاکستان کریڈٹ ریٹنگ ایجنسی (PACRA) نے بینک کی بل ترتیب AAA اور A1+ طویل مدتی اور قلیل مدتی درجہ بندی کو برقرار رکھا ہے۔ یہ درجہ بندی مالیاتی وعدوں کے بروقت ادا کیلئے مستحکم صلاحیت کا اظہار کرتی ہیں۔

سماجی استحکام:

پاکستان کے 11 شہروں میں 77 شاخوں پر مشتمل ملک کے سب سے بڑے بین الاقوامی بینک کی حیثیت سے اسٹینڈرڈ چارٹرڈ اب پاکستان کے مالی استحکام میں ایک لازمی جزو کی حیثیت رکھتا ہے اپنے آئی استحکام اور معاشی امور میں سرمائے کے استعمال کے ذریعے بینک نے معاشی حوالے سے اپنے پُر خصوصی عزم کا اظہار کیا ہے۔ ہم بہتر حکمت عملی کی مدد سے اپنے بزنس، سماج، حکومت اور صارفین کے ساتھ مضبوط تعلقات استوار کرنے کے خواہاں ہیں۔

بینک کی پاکستان میں سماجی کاوشیں تعلیم اور صحت پر مرکوز ہیں۔ ہم اپنے سماجی سرمایہ کاری کے پروگرام "Seeing is Believing" کے ذریعے ہم قابل گریز ناپائین کی روک تھام کیلئے مسلسل مالی تعاون کر رہے ہیں جس سے 12 ملین لوگ مستفید ہو رہے ہیں۔ ہم پانچ لاکھ سے زائد بحالی یونائیٹڈ سرجریز کا اہتمام کر چکے ہیں اور 60,000 سے زائد لیڈی ہیلتھ ورکرز کی تربیت میں معاونت کی ہے۔ پندرہ لاکھ سے زائد بچوں میں آنکھوں کے انعطافی مسائل کی درنگی کی ہے جبکہ ہمارے بینک میں 24 بصارت سے محروم لوگ کام کرتے ہیں۔ ہمارے شراکت داروں نے ہماری ان کاوشوں کا اعتراف کیا ہے جن کے باعث قابل گریز ناپائین 20 فیصد کی توقع ہوئی ہے اور حکومت پاکستان نے اسٹینڈرڈ چارٹرڈ کو ملک کی پیشین اور سندھ آئی کونسل میں اپنا واحد پارٹنر بنالیا ہے۔ کئی مقامی پروجیکٹس کے ذریعے ہم نے اپنے پارٹنریشن رحمت اللہ نیو ویلنٹ ٹرسٹ (LRBT) کے ذریعے خواتین کیلئے نگہداشت صحت چشم کو ترجیح دی ہے۔

Goal کے آواز کو پاکستان میں دو سال سے زیادہ کا عرصہ ہو چکا ہے۔ "گول"، تعلیم نسواں کے حوالے سے اسٹینڈرڈ چارٹرڈ کا ایک مخصوص پروگرام ہے۔ مجموعی طور پر کھیلوں اور زندگی کی مہارتوں کے ذریعے "گول" کا مقصد نوجوان لڑکیوں کو بااختیار بنانا اور انہیں اپنے خاندان، سماج اور معاشرے میں معاشی طور پر قائدانہ کردار ادا کرنے کیلئے انہیں اعتماد، علم اور ضروری مہارتوں سے آراستہ کرتا ہے۔ ہم نے کراچی شہر کے پسماندہ علاقوں میں 4,500 سے زائد لڑکیوں کو اس پروگرام سے مستفید کیا ہے۔ 2018 کے اختتام تک 17 سے زائد اسکول اس پروگرام سے مستفید ہوئے ہیں اور ہم امید کرتے ہیں کہ ہم اسے مزید وسیع کریں گے۔

ملازمین کی شمولیت، حوصلہ افزائی اور کمیونیز کے ساتھ کام کرنے کیلئے اسٹینڈرڈ چارٹرڈ اسٹاف کے ہر ممبر کو 3 دن کی رضا کارانہ چھٹیاں فراہم کرتا ہے، جس کی انہیں ادائیگی کی جاتی ہے۔ 2018ء میں اسٹینڈرڈ چارٹرڈ بینک (پاکستان) لمیٹڈ کے ملازمین نے 1,055 دن رضا کارانہ طور پر اپنی خدمات انجام دیں۔

Management's Statements on Internal Controls and Risk Management Framework

The following statements are made by the management to meet the requirements of the State Bank of Pakistan ("SBP") BSD Circular Letter No. 2 of 2005 and BSD Circular Letter No. 3 of 2005.

Internal Controls

Management of Standard Chartered Bank (Pakistan) Limited (the Bank or SCBPL) is responsible for establishing and maintaining a sound system of internal controls aimed at achieving the following objectives of the Bank:

- Efficiency and effectiveness of operations
 - Compliance with applicable laws and regulations
 - Reliability of financial reporting
1. Management has adopted different strategies to ensure effective monitoring and improvement of internal controls. These include Enterprise Risk Management Framework (ERMF) and Internal Audit in which assurance responsibilities are divided into three lines of defense i.e. first being the business function, second is the Second Line Risk Assurance and support from Group Internal Audit is the third line of defense.
 2. The policies and procedures in all significant areas, and as per the directives of the regulators, have been duly approved by the Board.
 3. The Board ensures that the external auditors interact with the Audit Committee and present their Management Letter to the Board directly.
 4. An organization structure has been established which supports clear lines of communication and tiered levels of authority with accountability.
 5. The Bank has an effective Internal Audit Department, which reports directly to the Audit Committee of the Board. The department periodically carries out detailed reviews / audits of its branches and various departments / units based on a yearly plan which is approved by the Audit Committee.
 6. Internal control policies, tools and reporting structures have been enhanced to provide greater clarity over roles and responsibilities. Relevant training materials have also been updated and deployment is underway.
 7. Management gives due consideration to the recommendations made by the internal and external auditors for improvements in the internal control system and act to implement such recommendations.
 8. The management has put in place evaluation and approval procedures for major capital expenditure and other transactions.
 9. There is an annual budgeting and strategic planning process. Financial forecasts are reviewed during the year on a periodic basis to reflect significant changes in business environment. Regular reporting and monitoring of financial performance of the departments and the Bank as a whole, using operating statistics and monthly management accounts which highlight key performance indicators and variance from budgets and forecasts is in place.
 10. Review and implementation of health, safety, environment and contingency management processes and other significant policies are carried out and reporting mechanism is in place.
 11. SCBPL maintains a system of Internal Controls over Financial Reporting (ICFR), which is designed to provide reasonable assurance to the Bank's management and Board of Directors regarding the preparation of reliable published financial statements. The system contains self-monitoring mechanisms, and actions are taken to correct deficiencies as they are identified. Management acknowledges that an effective internal control system, no matter how well designed, has inherent limitations and therefore can provide only reasonable assurance with respect to achievement of the system's objectives. The Bank has documented a comprehensive ICFR Governance Framework which has been approved by the Board of Directors.

Updating and review of ICFR exercise for the year 2017-2018 as per SBP Guidelines on Internal Controls has been successfully completed and the Annual Assessment Report for the year 2018 will be submitted to the SBP within the stipulated time. SCBPL is fully committed to make continuous efforts to improve the internal control system during 2019.

Enterprise Risk Management Framework

The Bank has put in place an Enterprise Risk Management Framework (ERMF), to implement the guidelines and regulations, related to Risk Management. The ERMF sets out the principles and standards for risk management across the Bank which includes:

Management's Statements on Internal Controls and Risk Management Framework

- Risk Culture: A healthy risk culture to identify and assess current and future risks, to openly discuss and take prompt actions.
- Strategic Risk Management: The approach followed by the bank ensures that the strategy and corporate plans are aligned with the bank's risk framework and Appetite.
- Principal Risks: The principle risk types include Credit, Market, Capital & Liquidity, Operational, Country, Reputational, Compliance, Conduct, Information & Cyber Security and Financial Crime risk. It is ensured that these risks are embedded in the bank's strategy and business models. There are ten principle risks which are managed through distinct Risk Type Frameworks.
- Role and Responsibilities: The framework also defines the responsibilities of the first line, second line and the third line for effective internal control.

The ultimate responsibility for the oversight of risk management function rests with the Bank's Board of Directors. Acting within the authority delegated by the Board, the Executive Committee (EXCO) has appointed the Executive Risk Committee (ERC) and the Asset and Liability Committee (ALCO), for effective Risk Management.

ERC is chaired by the Country Chief Risk Officer (CCRO), through authority delegated by the Board via the Bank's EXCO. There are various risk related committees and forums at the management as well as the board level. These include Board Risk Committee (BRC), ERC, ALCO, Approvals Committee, Country Non-Financial Risk Committee, Country Financial Crime Risk Committee, Credit Issue Committee, Compliance and Conduct Management Committee etc.

The overall responsibility to ensure that the risks are managed adequately, rests with the CCRO through the oversight function. The CCRO is supported by a team of managers, including Senior Credit Officer responsible for credit risk in Global Banking (GB) / Commercial Banking (CB) businesses, Country Credit Head - Retail Banking responsible for credit risk management of Retail Banking including Collections and Recoveries, Head of Group Special Assets Management responsible for management of non-performing and Early Alert Accounts, Head of Fraud Risk Management unit responsible for fraud detection and management of Retail Portfolio, Head of Market and Liquidity Risk unit responsible for risks associated with price movements, changes in interest rates, exchange rate movements etc. Also reporting into the CCRO is the Country Head of Operational Risk who is responsible for the management of bank wide operational risk.

The Bank has established policies, procedures, and controls and has provided the Risk team adequate support by way of risk systems and tools for identification, measurement, monitoring, controlling and reporting risks.

Following are the important areas of the risk management function within the Bank.

Credit Risk

Credit Risk is defined as the "potential for loss due to the failure of a counterparty to meet its agreed obligations to pay the Bank". The credit risk management process is driven by the Bank's Enterprise Risk Management Framework including two credit risk type frameworks covering GB, CB and Retail Credit.

The Credit Risk Frameworks are built on a risk-based approach, meaning the risk management plans, processes, activities, and resource allocations are in accordance to the level of risk. The frameworks consider processes and tools that are forward-looking - which are repeatable, sustainable and anticipate future needs. The first-line, which are the lines of business and functions engaged in or supporting revenue generating activities gives due consideration to the apparent Credit Risk at the point of the strategic choices and/or decision making.

Individual credit authorities are delegated by Board to relevant approvers while any approvals beyond individual delegated authority are approved by Approvals Committee.

The ERC and BRC are responsible to oversee the implementation of the Bank's credit risk management frameworks and approve Risk Appetite Mandate of the bank. The committees ensure that the risk exposures for all types of risk across the Bank remain within the overall risk appetite and mandate.

Lending to counterparties is subject to a robust credit assessment that includes an evaluation of the client's credit quality including willingness, ability and capacity to pay. A suitability and appropriateness assessment is completed for all counterparties to ensure only credit products / facilities which are appropriate to the nature and scale of the counterparty's business are provided. The unsecured credit risk decision framework is in place to support the delivery of optimum risk adjusted returns with controlled volatility and within overall risk appetite. Furthermore, the scores cards and decision engines are in place which support the implementation of credit risk decision strategy for the Retail Credit Portfolio.

Management's Statements on Internal Controls and Risk Management Framework

The Credit Risk Framework reinforces clear accountability and roles for managing risk through the Three Lines of Defense model. The business lines and functions engaged in or supporting revenue generating activities constitute the first line of defense who are accountable for embedding the credit risk approach. The Credit Risk function is the second line control function that performs independent challenge, monitoring and oversight of the credit risk management practices. The first and second lines of defense are supported by the organization structure, job descriptions and delegated authorities.

Market Risk

The Bank has recently adopted the Traded Risk Type Framework under which the bank recognizes market risk as the 'Potential for loss of economic value due to adverse changes in the financial markets rates or prices.' Market Risk exposures arise primarily from interest rate movements and foreign exchange related contracts. The Bank has no significant exposure to equity and commodity price risk.

Traded Risk Management (TRM) performs market risk management activities for the bank. Market risk limits are proposed by TRM after discussion with relevant businesses and are reviewed twice a year. Under the framework, authority for setting market risk limits is delegated to the local risk committee i.e. ERC and Approvals committee and the CCRO. Overall risk appetite is set by the Board in terms of Value at risk (VaR).

In addition to VaR and other market risk limits, independent stress testing of portfolios, factor sensitivity measures and derivatives are also employed as additional risk management tools to manage and hedge market risk exposures. VaR is the main limit that is being applied by the bank along with other supporting price risk limits. Interest Rate Risk is controlled via PV01 limits which are set on Net as well as Gross basis across various tenors and at currency level. Additionally, curve tenor limits are applied to contain the interest rate risk exposure going beyond certain tenors. PV01 strip is then applied to the historical scenarios i.e. Risk factors over the last 260 days to derive the NPV distribution which is then used to determine VaR and Stress VaR.

All limits are hard limits and any excess results in escalation to senior management, with the level of escalation depending upon nature of excess. These limits are monitored daily as part of daily risk reporting.

The Executive Risk Committee provides primary oversight for Traded Risk.

Capital & Liquidity Risk

Capital risk is the potential for insufficient level or composition of capital to support bank's normal activities. The bank reviews and sets its capital risk appetite annually through its Internal Capital Adequacy Assessment Process. Risk appetite determines the maximum amount of risk the bank is willing to assume in pursuit of its strategy.

Capital risk appetite is split into Level 1 (stress risk appetite) and Level 2 (business-as-usual) risk appetite metrics. The Bank manages its demand for capital by regular monitoring of capital requirements and asset exposures. The Bank's ALCO monitors Risk Weighted Assets (RWA) growth and provides guidance for RWA management, capital structure and maintenance of capital adequacy ratio.

Liquidity and Funding Risk is the potential for loss where we may not have sufficient stable or diverse sources of funding or financial resources to meet our obligations as they fall due.

A range of tools are used for the management of liquidity. Tools for structural liquidity comprise of commitment and wholesale borrowing guidelines, key balance sheet ratios, and medium-term funding requirements whereas short-term liquidity tools include day to day monitoring of future cash flows and liquidity stress tests using various behavioral and rollover assumptions. The Bank also maintains significant levels of marketable securities either for compliance with local statutory requirements or as prudential investments of surplus funds.

Liquidity, Capital & Interest Rate Risk in the banking book is governed by Capital & Liquidity Risk Type Framework. ALCO chaired by CEO is responsible for ensuring that all these risks are managed effectively.

In addition, the Bank has prepared a Country Recovery Plan which is a live document by which the Country ensures that it has the ability to recover its financial position in the event of an extreme but plausible liquidity and / or solvency stress. The Bank has set Recovery Indicators capable of acting as early warning indicators of a liquidity and / or solvency stress which meet applicable regulations (where relevant). The RIs are designed to cover all aspects of the Country's business model and incorporate capital, liquidity, market, profitability, asset quality, macroeconomic indicators and Reputational risk.

Operational Risk

Operational risk is the potential for loss resulting from inadequate or failed internal processes and systems, human error, or from impact of external events (including legal risks). Operational risk is inherent in the Bank's activities and as with the other risk

Management's Statements on Internal Controls and Risk Management Framework

types is managed through an overall framework with checks and balances that includes recognized ownership of the risk by the businesses, independent risk management oversight and an independent review by the Group Internal Audit.

The Operational Risk Type Framework (ORTF), sets out the approach for management of operational risk as well as the roles and responsibilities of the various stakeholders. In accordance with the framework, business segments and functions are accountable for the day to day management of business activities and to manage the operational risks that arises from these activities. The independent risk management and Subject Matter Experts provide, challenge, guidance, and oversight over the business activities. Existing and future levels of Operational Risk must be maintained within the approved Risk Appetite of the Bank.

The Country Non-Financial Risk Committee (CNFRC) has oversight function over Operational risk in addition to Compliance risk, Financial Crime risk, Conduct risk, Information & Cyber Security risk, and Reputational risk. The committee has the authority to take a view on the significance of risks and to direct appropriate actions. The CNFRC is chaired by the CEO, with CCRO as the alternate Chairperson. Depending on the significance of risks, the issues are tabled at ERC chaired by the CCRO. Disaster recovery procedures, business contingency planning and internal audits also form an integral part of the operational risk management process.

Reputational Risk

Reputational Risk is defined as the "potential for damage to the franchise, resulting in loss of earnings or adverse impact on market capitalization, because of stakeholders taking a negative view of the organization, its actions or inactions - leading stakeholders to change their behavior".

The CEO or relevant Business Head along with relationship managers, process owners and credit approvers are responsible to ensure that reputational risks identified in relation to clients, transactions, products and strategic coverage are assessed and accepted in line with Reputational Risk Framework.

Where the Reputational Risk derives mostly as an outcome of another Principal Risk, the respective Framework Owners are responsible for the management of Reputational Risk.

At the country level, the CCRO provides independent oversight and challenge on matters related to Reputational Risk.

Country Risk

Country Risk is the "potential for losses due to political or economic events in a country". There are three parts to this and includes:

1. Domestic Macroeconomic Risk: Increased risk of lending in a more volatile economy or political environment.
2. Transfer Risk: Risk that a government will be unable or unwilling to make hard currency available. In other words, probability of loss due to currency conversion restrictions imposed by a government that makes it impossible to move money out of the country.
3. Sovereign Default Risk: Risk that a sovereign will fail to honor its obligations.

These risks are appropriately identified and monitored within the country.

The Executive Risk Committee provides oversight of the management of Country Risk.

Pension Risk

Pension risk is the potential for loss that surfaces from having to meet an actuarially-assessed shortfall in the Bank's defined-benefit pension schemes. The pension obligation risk to a bank arises from its contractual or other liabilities to, or related to, an occupational pension scheme. In other words, it represents the risk that additional contributions will need to be made to a pension scheme because of a future shortfall in the funding of the scheme.

The Bank assesses and monitors the assets and liabilities within the defined-benefit scheme, with support from independent actuarial advisers. Actuarial methodologies are used for determining the present values of the assets and liabilities of the defined-benefit scheme. The assumptions used account for the projected trends in the salaries, turnover and mortality of the membership. The Bank's Country Pensions Committee has oversight of the pension schemes and reviews the assets and liabilities position on a regular basis.

Management's Statements on Internal Controls and Risk Management Framework

Compliance Risk

Compliance Risk refers to the risk of legal or regulatory sanctions, material financial loss, or loss to reputation that a bank may suffer due to its failure to comply with applicable laws, regulations, rules, related self-regulatory organisation standards, and code of conduct. The Compliance Risk Type Framework (CRF) issued as part of ERMF and Compliance Program designed to adhere with the State Bank of Pakistan (SBP) Guidelines on Compliance Risk Management sets out the minimum standards for managing compliance risk and implementation of regulatory instructions. This includes oversight through the Compliance and Conduct Management Committee (CCMC), a quarterly forum has been established to manage the related risks. Compliance with applicable laws and regulations and related policies and procedures is the responsibility of all bank staff.

Conduct Risk

The Conduct Risk Type Framework (CoRF) sets out the overall end to end risk management approach for Conduct Risk and defined as the "Risk of detriment to Standard Chartered's customers/clients, investors, shareholders, market integrity, competition and counter-parties or from the inappropriate supply of financial services, including instances of wilful or negligent misconduct". CoRF sets out minimum standards to deliver fair customer outcomes and to protect the integrity of the markets to safeguard bank from any regulatory sanctions, financial loss and reputational damage. CCMC monitors Conduct Risk.

Financial Crime Compliance Risk

The Financial Crime Risk Type Framework (FC) sets out the overall risk management approach to FC as a Principal Risk Type (PRT). FC is defined as the: "Potential for legal or regulatory penalties, material financial loss or reputational damage resulting from the failure to comply with applicable laws and regulations relating to International Sanctions, Anti-Money Laundering and Anti-Bribery and Corruption. This has been designed to set minimum standards to adhere the local and international regulatory authorities' related Guidelines.

Information & Cyber Security

Banks defines Information and Cyber Security Risk as potential for loss from a breach of confidentiality, integrity or availability of bank's information system and assets through cyber-attack, insider activity, error or control failure. Bank seeks to avoid risk and uncertainty for its information assets and systems and has a low appetite for material incidents affecting wider operations and reputation of bank. Information and Cyber Security Risk is managed through a structured framework comprised of a risk assessment methodology (i.e. Information and Cyber Security Risk Type Framework) and supporting policies, procedures and standards which are aligned to industry best practice models. Stress Testing of technical controls relating to Information and Cyber Security risk are performed annually by an external independent party. Bank also has Information and Cyber Security Awareness program that ensures staff is aware of how to work with the policy responsibilities. The program includes the bank's mandatory information and Cyber Security e-learning course, Information Security Champions initiatives and targeted awareness campaigns.

Report of Shari'ah Board

For the year ended 31 December 2018

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

الحمد لله رب العالمين، والصلاة والسلام على سيدنا محمد وعلى آله وصحبه أجمعين، وبعد

ALL PRAISE BE TO ALLAH, THE LORD OF ALL THE WORLDS AND BLESSINGS ON OUR MASTER, PROPHET MUHAMMAD AND ALL HIS HOUSEHOLD AND ALL HIS COMPANIONS.

By the grace of Allah Almighty, the year under review was the fifteenth year of Islamic Banking operated in Standard Chartered Bank (Pakistan) Limited (SCBPL) under the brand name of Saadiq.

During the year, the Shariah Board (the SB) held four meetings to review and approve various products, policies, department operating instructions, transactions, processes and their Shariah compliance. The SB also met with the BOD twice this year to discuss issues relevant to Shariah.

The Shariah Board appreciates the vision of the Board of Directors and Management for Islamic banking products and services.

Following is the overview for the year 2018:

Islamic Business Review:

During the year under review, SCBPL diversified its portfolio into various Islamic financing and investment modes including Musharakah, Diminishing Musharakah, Murabaha, Musawamah & Ujrah. At the close of the year ended December 31st 2018, the bank had total Islamic Financing and investment of Rs.55.498 Billion.

Report of Shari'ah Board

For the year ended 31 December 2018

At the year ended December 31st 2018, the bank had total Islamic deposits of Rs. 43.334 Billion. Islamic deposits are based on Mudarabah (Saving & Term Accounts) and Qard (Current Account). The breakup of these Islamic deposits is as follows:

Shariah Compliant Product Initiatives:

Shari'ah Compliance Department in collaboration with group Islamic product & business team is in the process of revamping the Saadiq Autos for simplification purposes as per Shariah guidelines.

Shariah Compliance Reviews:

During the year under review, annual Shari'ah compliance review of Islamic Banking Business was conducted on a test check basis. The review was conducted including but not limited to Islamic liabilities products and financing transactions such as of Murabahah, Musawamah, Musharakah, Diminishing Musharakah and Ujrah.

The following major activities have been performed to ensure Shari'ah Compliance of Islamic Banking Business:

- I. Review of Standard Agreements of Financing products,
- II. Review of Murabahah, Diminishing Musharakah & other mode of financings transactions,
- III. Review of Islamic branches/Islamic windows, and
- IV. Monthly Review of weightages and profit and loss distribution and pool management

Shariah Audit:

The bank's internal Shariah audit department conducted Shariah audits of different products, branches and profit & loss distribution & pool management on quarterly basis. Shariah Audit also conducted the audit of Shariah Governance Framework and rated control environment and management control approach as acceptable.

In addition, as part of continuous improvement necessary recommendations and corrective measures have been suggested by Shariah compliance and Shariah audit and different issues identified were duly addressed by management and agreed for implementation.

Charity Amounts:

The Bank has a well-defined system in place to ensure that any earnings realized from sources or by means prohibited in Shari'ah have been credited to charity account and are being properly utilised.

Report of Shari'ah Board

For the year ended 31 December 2018

During the year, an amount of Rs.4.701/- million has been credited to charity account. Rs.7.685/- million was received from clients due to "Delay in payments" and Rs. 247,000/- was realized from sources prohibited in Shari'ah. Further, charity amount of Rs.4.701/- million has been disbursed to different approved charitable institutions.

Training and Capacity Building:

During the year under review, approximately 50 training sessions related to Shari'ah and Islamic Banking products have been arranged and more than 800 staff were trained through class room trainings on a pan bank basis. Approximate 3500 staff have also successfully completed the e-learning course.

In addition, a session for BOD members and Exco members has been conducted on the Shariah Governance Framework issued by State Bank of Pakistan.

Further, external trainers from State Bank of Pakistan, IBA, CEIF & prominent Shariah scholars and professionals were engaged for Islamic banking training courses & approximate 200 staff were trained during these trainings.

Shariah Board's Opinion:

As per the Shari'ah Governance Framework, the Shari'ah compliance of Islamic Banking within Standard Chartered Bank (Pakistan) Limited (SCBPL) is the sole responsibility of Board of Directors and Executive Management. While, as being Shari'ah Board of the SCBPL, we are required to submit a report on overall Shari'ah compliance environment of the Bank.

To establish our opinion on Shariah Compliance of Islamic Banking Division, we have reviewed the reports of Shariah Compliance department, Internal Shariah Audit Unit and external Shari'ah Audits.

Based on the above, we are of the view that:

1. The Bank has complied with Shari'ah rules and principles provided in the light of fatawa, rulings and guidelines issued by Shari'ah Board.
2. The Bank has complied with directives, regulations, instructions and guidelines related to Shari'ah compliance issued by SBP in accordance with the rulings of SBP's Shari'ah Advisory Committee.
3. During review, any matters requiring corrective measures have been noted and were resolved by the management and/or ensured to be rectified in future. Subject to the foregoing, the bank has a comprehensive mechanism in place to ensure Shari'ah compliance in their overall operations.
4. The bank has a well-defined system in place which is sound enough to ensure that any earnings realized from sources or by means prohibited by Shari'ah have been credited to charity account and are being properly utilized.
5. The bank has complied with the SBP instructions on profit and loss distribution and pool management.
6. The SB appreciates the efforts of Learning & Development towards capacity building through Islamic Banking training programs and awareness sessions.
7. The Shari'ah Board has been provided resources enabling it to discharge its duties. However, considering the increase in volume of work, additional resource in Shariah Team will further strengthen the Shari'ah Compliance function in the bank.

Recommendations:

Based on the above, we recommend that:

1. The bank should continue to nominate key executives, Islamic Banking staff and different concerned stakeholders for Islamic Banking and Finance courses and refresher training. Furthermore, the bank is encouraged to

Report of Shari'ah Board

For the year ended 31 December 2018

introduced awareness program for customers and general public on Islamic banking.

2. The bank is encouraged to make available more innovative Shari'ah compliant products to the existing & new to bank customers.
3. The promotion and marketing of Islamic Banking products and services should be enhanced at all available forums.
4. The BOD should continue to encourage the stakeholders and management on focusing the importance of Shari'ah compliance at all levels.

And Allah Subhanah wa Ta'ala knows the Best.

May Allah Subhanah wa Ta'ala accept our endeavours and grant us devotion to accomplish His cherished tasks, make us successful in this world and in the Hereafter, and forgive our mistakes.

شریعی بورڈ رپورٹ

برائے سال دسمبر ۲۰۱۸ء، ۳۱

بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ

الحمد لله رب العالمین، والصلاة والسلام علی سیدنا محمد وعلیٰ اٰله وصحبه اجمعین، وبعد

الحمد لله، اسٹیٹرز ڈیپارٹمنٹ بینک (پاکستان) لمیٹڈ، اسلامی بینکاری (صادق) کے پندرہویں سال کا تجربہ آپ کے سامنے ہے۔

اس سال کے دوران، شریعی بورڈ نے مختلف پروڈکٹس، پالیسیز، ڈپارٹمنٹ آپریٹنگ انسٹرکشنز، ٹرانزیکشنز، پروسیجر اور ان کی شریعی کمپلائنس کے جائزے اور منظوری کی غرض سے چار اجلاس منعقد کیے۔ اس سال شریعی بورڈ نے بورڈ آف ڈائریکٹرز کے ساتھ بھی شریعی سے متعلق مسائل پر گفتگو کی غرض سے دو بار ملاقات کی ہے۔

شریعی بورڈ اسلامی بینکاری پروڈکٹس اور سروسز کیلئے بورڈ آف ڈائریکٹرز اور مینجمنٹ کی بصیرت کو سراہتا ہے۔

سال 2018 کا جائزہ درج ذیل ہے:

اسلامی کاروبار کا جائزہ:

زیر جائزہ سال کے دوران اسٹیٹرز ڈیپارٹمنٹ بینک نے اپنے مجموعی کاروبار کو فنانشنگ اور انویسٹمنٹ کے مختلف اسلامی طریقوں جس میں مشارکہ، شرکت متناقضہ، مرابحہ، مساومہ اور اجرہ شامل ہیں، کے ذریعے وسعت دی۔ 31 دسمبر 2018 کو سال کے اختتام پر بینک کے پاس کل 55.498 ارب روپے کی اسلامک فنانشنگ اور انویسٹمنٹ موجود تھی۔

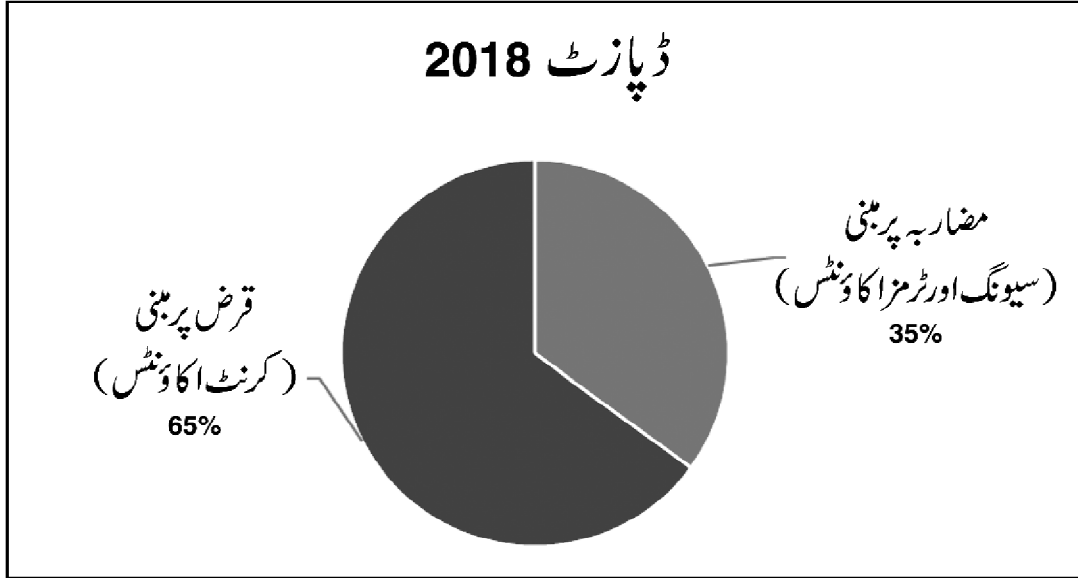

نوٹ: زیر نظر رپورٹ شریعی بورڈ رپورٹ کا باقاعدہ ترجمہ ہے۔ اصل رپورٹ انگریزی میں ہے۔ انگریزی اور اردو متن میں اختلاف ہونے کی صورت میں انگریزی متن کا اعتبار کیا جائے گا۔

شریعی بورڈ رپورٹ

برائے سال دسمبر ۲۰۱۸ء

31 دسمبر 2018 کو سال کے اختتام پر، بینک کے پاس 43.334 ارب روپے کے کل اسلامک ڈپازٹس تھے۔ اسلامک ڈپازٹس مضاربہ (سیونگ اور ٹرم اکاؤنٹس) اور قرض (کرنٹ اکاؤنٹ) پر مبنی ہیں۔ ان اسلامک ڈپازٹس کے اجزاء درج ذیل ہیں:

شریعی کمپلائنس پروڈکٹس کیلئے اقدامات:

شریعی کمپلائنس ڈپارٹمنٹ، گروپ اسلامک پروڈکٹ اور بزنس ٹیم کے ساتھ مل کر، شریعت کے اصولوں کے مطابق، اُسے آسان بنانے کیلئے اور اس کی بہتری کیلئے کوشاں ہے۔

شریعی کمپلائنس جائزے:

زیر جائزہ سال کے دوران، اسلامک بینکنگ بزنس کے سالانہ شریعی کمپلائنس کے جائزے، نمونہ جاتی بنیادوں پر منعقد کیے گئے۔ یہ جائزے اسلامک لائٹنیز پروڈکٹس اور فنانسنگ ٹرانزیکشنز جیسے مراہجہ، مسامدہ، مشارکہ، شرکت متناقصہ اور اجرہ وغیرہ پر مشتمل تھے۔

اسلامک بینکنگ بزنس کے شرعی کمپلائنس کو یقینی بنانے کی غرض سے درج ذیل اہم سرگرمیاں انجام دی گئیں:

- (i) مالیاتی مصنوعات کے معیاری معاہدوں کا جائزہ
- (ii) مراہجہ، شرکت متناقصہ اور دیگر مالیاتی طریقہ ہائے عمل کا جائزہ
- (iii) اسلامک برانچز/اسلامک ونڈوز کا جائزہ؛ اور
- (iv) نفع اور نقصان اور اس کے حساب کتاب کا ماہانہ بنیادوں پر جائزہ

شریعی آڈٹ:

بینک کے انٹرنل شریعی آڈٹ ڈپارٹمنٹ نے سہ ماہی بنیاد پر مختلف پروڈکٹس، برانچز اور نفع و نقصان کی تقسیم اور پول مینجمنٹ کے شریعی آڈٹس کا انعقاد کیا۔ شریعی آڈٹ نے بینک کے شریعی گورننس فریم ورک کا بھی آڈٹ کیا جس کے تحت انتظامی ماحول کو قابل قبول ریٹنگ دی گئی۔

شریعی بورڈ رپورٹ

برائے سال دسمبر ۲۰۱۸ء

اس کے علاوہ مسلسل بہتری کے جزو کے طور پر ضروری سفارشات اور اصلاحی اقدامات شریعی کمپلائنس اور شریعی آڈٹ کی جانب سے تجویز کیے جاتے رہے ہیں اور مینجمنٹ کی جانب سے نشاندہی کیے گئے مختلف مسائل کا بھی ازالہ کیا گیا اور تجاویز کے نفاذ کیلئے اتفاق بھی کیا۔

چیریٹی امانٹس (رقوم خیرات):

بینک کے پاس ایک واضح نظام عمل کیلئے موجود ہے تاکہ شریعت کی طرف سے منع کردہ وسائل یا ذرائع سے حاصل ہو جانے والی کمائی کو چیریٹی اکاؤنٹ میں جمع کیے جاتے رہنے اور انہیں مناسب طور پر بروئے کار لاتے رہنے کو یقینی بنایا جائے۔

اس سال کے دوران -/4.701 ملین روپے کی رقم چیریٹی اکاؤنٹ میں جمع ہوئی۔ کلائنٹس کی طرف سے ”ادائیگی میں تاخیر“ کی وجہ سے حاصل کردہ رقم -/7.685 ملین روپے تھی اور شریعت میں ممنوع وسائل سے حاصل شدہ رقم -/247,000 روپے تھی۔ مزید یہ کہ 4.071 ملین روپے کی چیریٹی رقم مختلف منظور کردہ خیراتی اداروں میں تقسیم کی گئی۔

ٹریڈنگ اور صلاحیت کی تعمیر

زیر جائزہ سال کے دوران، شریعی اور اسلامک بینکنگ پروڈکٹس سے متعلق تقریباً 50 ٹریڈنگ سیشنز کا اہتمام کیا گیا اور 800 سے زائد اسٹاف کو پورے پاکستان کی بنیاد پر کلاس روم ٹریڈنگ کے ذریعے تربیت دی گئی۔ تقریباً 3500 اسٹاف نے ای۔لرننگ کورس بھی کامیابی سے مکمل کیا۔ اس کے علاوہ، BOD ممبرز اور EXCO ممبرز کیلئے اسٹیٹ بینک آف پاکستان کی جانب سے جاری کردہ شریعی گورننس فریم ورک پر ایک سیشن کا انعقاد کیا گیا۔

مزید یہ کہ مختلف بیرونی اداروں مثلاً CEIF، IBA، اسٹیٹ بینک آف پاکستان اور معروف شریعی اسکالرز اور پروفیشنلز کے توسط سے تقریباً 200 اسٹاف نے ٹریڈنگ حاصل کیں۔

شریعی بورڈ کی رائے:

شریعی گورننس فریم ورک کے مطابق، اسٹینڈرڈ چارٹرڈ بینک (پاکستان) لمیٹڈ میں اسلامک بینکاری کی شرعی احکام سے موافقت بورڈ آف ڈائریکٹرز اور ایگزیکٹو مینجمنٹ کی ذمہ داری ہے۔ جبکہ ایس سی بی پی ایل کے شریعی بورڈ ہونے کے ناتے، ہمارے لیے بینک کے مجموعی شرعی اصولوں کے مطابق ہونے پر ایک رپورٹ پیش کرنا مطلوب ہے۔

اسلامک بینکنگ ڈویژن کی شرعی موافقت پر اپنی رائے کو مستحکم کرنے کی غرض سے ہم نے شریعی کمپلائنس ڈپارٹمنٹ، انٹرنل شریعی آڈٹ یونٹ اور ایکسٹرنل شریعی آڈٹس کی رپورٹس کا جائزہ لیا۔

مذکورہ بالا تفصیل کی بنیاد پر ہماری رائے درج ذیل ہے:

1. بینک نے شریعی بورڈ کی جانب سے جاری کردہ فتاویٰ، احکام اور اصولوں کی روشنی میں فراہم کردہ شرعی قوانین اور اصولوں کی پاسداری کی ہے۔
2. بینک نے اسٹیٹ بینک کی شریعی ایڈوائزری کمیٹی کے احکام کے مطابق اسٹیٹ بینک کی جانب سے جاری کردہ شریعی کمپلائنس سے متعلق احکامات، ضوابط، ہدایات اور اصولوں کی پاسداری کی ہے۔

شریعی بورڈ رپورٹ

برائے سال دسمبر ۲۰۱۸ء

3. جائزے کے دوران، کسی بھی ایسے معاملے جسے اصلاحی اقدامات کی ضرورت ہو، پر غور کیا گیا اور مینجمنٹ کی جانب سے قابل اصلاح امور کا ازالہ کیا گیا اور/یا مستقبل میں اُن کی درستگی کی یقین دہانی کروائی گئی۔ مذکورہ بالا تفصیل کی بنیاد پر، بینک کے پاس اس کے تمام معاملات میں شریعی کمپلائنس کو یقینی بنانے کی غرض سے ایک جامع نظام موجود ہے۔
4. بینک کے پاس ایک واضح نظام موجود ہے جو تمام تر غیر شرعی ذرائع سے حاصل شدہ رقم چیرٹی اکاؤنٹ میں جمع کیے جانے اور اسے مناسب طور پر بروئے کار لائے جانے کو یقینی بناتا ہے۔
5. بینک نے نفع و نقصان کی تقسیم اور پول مینجمنٹ پراسیڈر بینک کی ہدایات کی پاسداری کی ہے۔
6. شریعی بورڈ، اسلامک بینکنگ ٹریننگ پروگرامز اور آگاہی سیشنز کے ذریعے صلاحیتوں کی تعمیر کیلئے لرننگ اینڈ ڈیولپمنٹ کی کوششوں کو سراہتا ہے۔
7. شریعی بورڈ کو اس کی ذمہ داریوں کی ادائیگی کیلئے وسائل فراہم کیے گئے ہیں۔ تاہم کام کے حجم میں اضافے کو مد نظر رکھتے ہوئے شریعی ٹیم میں اضافی وسائل بینک میں شریعی کمپلائنس فنکشن کو مزید مستحکم کریں گے۔

تجاویز:

درج بالا کی بنیاد پر ہم تجویز کرتے ہیں کہ:

1. بینک کو اسلامک بینکنگ اینڈ فنانس کورسز اور ریفرنڈیشنز کیلئے اہم ایگزیکٹوز، اسلامی بینکنگ اسٹاف اور مختلف متعلقہ افراد کی نامزدگی جاری رکھنی چاہیے۔ مزید یہ کہ بینک اسلامک بینکنگ پکٹورل اور عام لوگوں کیلئے آگہی پروگرام کو متعارف کرے۔
2. بینک موجودہ اور نئے کسٹمرز کو جدید شریعی کمپلائنس پروڈکٹس کو دستیاب بنانے میں بھرپور حوصلہ افزائی کرے۔
3. اسلامک بینکنگ پروڈکٹس اور سروسز کی پرموشن اور مارکیٹنگ تمام دستیاب فورمز پر بڑھانی چاہیے۔
4. بورڈ آف ڈائریکٹرز کو تمام سطحوں پر شریعی کمپلائنس کی اہمیت پر توجہ دلانے کیلئے متعلقہ افراد اور انتظامیہ کی حوصلہ افزائی جاری رکھنی چاہیے۔

اور اللہ سبحانہ و تعالیٰ سب سے بہتر جاننے والا ہے۔

اللہ سبحانہ و تعالیٰ ہماری کوششوں کو قبول فرمائے اور ہمیں توفیق عطا فرمائے کہ ہم اُس کے مطلوب امور کی تکمیل کر پائیں اور ہمیں دنیا و آخرت میں کامیابیوں سے سرفراز فرمائے اور ہماری خطاؤں کو معاف کر دے۔

**Independent Auditor's Review Report to the Members on Statement of
Compliance contained in the Listed Companies
(Code of Corporate Governance) Regulations, 2017**

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2017 (the Regulations) prepared by the Board of Directors of Standard Chartered Bank (Pakistan) Limited ('the Bank') for the year ended 31 December 2018 in accordance with the requirements of regulation 40 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Bank. Our responsibility is to review whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Regulations.

As part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Regulations require the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to assess and determine the Bank's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Bank for the year ended 31 December 2018.

Independent Auditor's Report To the Members of Standard Chartered Bank (Pakistan) Limited

Opinion

We have audited the annexed financial statements of **Standard Chartered Bank (Pakistan) Limited** (the Bank), which comprise the statement of financial position as at 31 December 2018, and profit and loss account, the statement of comprehensive income, the cash flow statement and the statement of changes in equity for the year then ended, notes to the financial statements, including a summary of significant accounting policies and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, profit and loss account, statement of comprehensive income, cash flow statement and the statement of changes in equity together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan, and, give the information required by the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at 31 December 2018 and of the profit and other comprehensive income, its cash flows and the changes in equity for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are Key Audit Matters:

S. No.	Key audit matters	How the matters were addressed in our audit
1	Goodwill impairment	
	<p>Refer note 10.1 to the financial statements giving details on management testing performed on goodwill for impairment.</p> <p>The Bank has recognized goodwill of Rs. 26,095 million on acquisition of Union Bank Limited in 2006.</p> <p>The identification of indicators of impairment and the preparation of the estimate of recoverable amount involves subjective judgment and uncertainties.</p> <p>Goodwill may be misstated if the carrying value is not supported by the estimated discounted future cash flows of the underlying businesses.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> ● Assessed that allocation to cash generating units (CGUs) reflect our understanding of the business and how it operates including assessment of the independence of the underlying cash flows. ● Assessed management's ability to accurately prepare forecasts compared to actual results. ● Assessed the consistency of the projected cash flows to the Board's approved corporate plan. ● Involved our own valuation specialist to assist in evaluating the appropriateness of discount rates applied, which included comparing the cost of capital with sector averages for the banking industry in Pakistan.

S. No.	Key audit matters	How the matters were addressed in our audit
		<ul style="list-style-type: none"> ● Performed breakeven analysis on the discount rate, the future cash flows and future inflation rate projections to assess the sensitivities. ● Considered adequacy of disclosures about key assumptions / discount rate.
2	Impairment of Loans and advances	
	<p>Refer note 8 to the financial statements on loans and advances</p> <p>The Bank's advances to customers represent 29.4% of its total assets. These are stated at net of provision against advances of Rs. 169.544 billion.</p> <p>The provision against advances was identified as a key focus area in our audit as it involves a considerable degree of management judgment and compliance with the Prudential Regulations issued by the State Bank of Pakistan.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> ● Assessed the design and tested the operation of manual and automated controls over classification and grading of customers, including: <ul style="list-style-type: none"> - The accuracy of data input into the system used for credit grading; - The ongoing monitoring and identification of advances displaying indicators of impairment and whether they are migrating on a timely basis to early alert or to higher risk grade; - Identification of past due customers. ● For a risk based sample of Corporate (CIB) and Commercial Banking (CB) advances, where the management has not identified as displaying indicators of impairment, challenged the management's assessment by comparing the historical performance, financial ratios and reports on security maintained with the expected future performance and formed our own view whether any impairment indicators are present. ● Where management has identified as displaying indicators of impairment, assessed the number of days overdue, assessed external valuers' credentials, compared values used in the valuation reports and factors used for calculation of provision in accordance with the Prudential Regulations. ● For retail, consumer and SME advances, analyzed the days past due report and factors used for calculation of specific provision required in accordance with Prudential Regulations. ● For retail, consumer and SME advances, where the management has not identified as displaying any indicators of impairment, compared the general provision calculated with provision required in accordance with Prudential Regulations.
3	Taxation	
	<p>Refer note 11, 15 and 30 to the financial statements on deferred and current taxation.</p> <p>The Bank has recognized a net deferred tax liability of Rs. 3,631 million including deferred tax asset of Rs. 4,445 million and advance tax asset of Rs.13,848 million.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> ● Assessed that appropriate tax rates are applied which have been enacted at the balance sheet date and are appropriate at the time of reversal of temporary differences. ● Assessed customer wise position of provision against advances which will be claimed for tax

S. No.	Key audit matters	How the matters were addressed in our audit
	<p>The deferred tax asset primarily relates to provision against advances amounting to Rs. 2,486 million which would be allowed at the time of write off or when the charge is lower than the limit specified.</p> <p>Advance tax asset has arisen due to various tax assessments which are at various stage of appeal. Use of incorrect judgments / assumptions may result in misstatement of deferred tax and advance tax asset.</p>	<p>deduction in future years and compared with deferred tax asset calculation.</p> <ul style="list-style-type: none"> ● Inspected the assessment orders, appellate Tribunal decisions and Court decisions and challenged management's assessment of tax positions by involving our own tax specialists to evaluate the Bank's tax positions.
4	Processing through Information System	
	<p>IT systems and controls over financial reporting were identified as a key audit matter because of the pervasive nature and complexity of the IT environment, the extensive volume of transactions and reliance of financial reporting process on IT system.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> ● Obtained an understanding, evaluated the design and tested the operating effectiveness of access controls for applications and systems relevant to Bank's financial reporting processes. This included controls over system access and system change management and computer operations. ● Obtained management's evaluation of the access rights granted to applications relevant to financial accounting and reporting systems and tested a resolution of sample of exceptions. ● Assessed the operating effectiveness of controls over granting, removal and appropriateness of access rights.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. Other information comprises the information included in the Directors' Report for the year ended 31 December 2018, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Banking Companies Ordinance, 1962 and Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance

is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, profit and loss account, statement of comprehensive income, cash flow statement and the statement of changes in equity together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 and Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account;
- c) investments made, expenditure incurred and guarantees extended during the year were in accordance with the object and powers of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

We confirm that for the purpose of our audit we have covered more than sixty percent of the total loans and advances of the Bank.

Other Matter

The engagement partner on the audit resulting in this independent auditor's report is Syed Iftikhar Anjum.

Notes to the Financial Statements

For the year ended 31 December 2018

1. STATUS AND NATURE OF BUSINESS

Standard Chartered Bank (Pakistan) Limited ("the Bank") was incorporated in Pakistan on 19 July 2006 and was granted approval for commencement of banking business by State Bank of Pakistan, with effect from 30 December 2006. The ultimate holding company of the Bank is Standard Chartered PLC, incorporated in England. The registered office is at Standard Chartered Bank Building, I.I. Chundrigar Road, Karachi.

The Bank commenced formal operations on 30 December 2006 through amalgamation of entire undertaking of Union Bank Limited and the business carried on by the branches in Pakistan of Standard Chartered Bank, a bank incorporated by Royal Charter and existing under the laws of England. The scheme of amalgamation was sanctioned by State Bank of Pakistan vide its order dated 4 December 2006. The Bank's shares are listed on Pakistan Stock Exchange.

The Bank is engaged in the banking business as defined in the Banking Companies Ordinance, 1962 and has a total number of 77 branches in Pakistan (2017: 93 branches in Pakistan) in operation at 31 December 2018.

2. BASIS OF PREPARATION

2.1 Basis of presentation

In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan has issued various circulars from time to time. One permissible form of trade related mode of financing comprises of purchase of goods by the customer on behalf of the Bank and immediate sale to the customer at appropriate profit in price on deferred payment basis. The purchases and sales arising under these arrangements are not reflected in these financial statements as such but are restricted to the amount of facility actually utilised and the appropriate portion of mark-up thereon.

Key financial figures of the Islamic banking branches are disclosed in Annexure II to these financial statements.

2.2 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan, as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by SBP and SECP differ with the requirements of the IFRS or IFAS, requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

The SBP has deferred the applicability of International Accounting Standard (IAS) 39, 'Financial Instruments: Recognition and Measurement' and International Accounting Standard (IAS) 40, 'Investment Property' for Banking Companies in Pakistan through BSD Circular Letter 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7 'Financial Instruments: Disclosures' through its notification S.R.O 411(I)/2008 dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by the SBP through various circulars.

The Securities and Exchange Commission of Pakistan (SECP) has notified Islamic Financial Accounting Standard (IFAS) 3, 'Profit and Loss Sharing on Deposits' issued by the Institute of Chartered Accountants of Pakistan. IFAS 3 shall be followed with effect from the financial periods beginning on or after 1 January 2014 in respect of accounting for transactions relating to 'Profit and Loss Sharing on Deposits' as defined by the said standard. The standard has resulted in certain new disclosures in the financial statements of the Bank. The SBP through BPRD Circular Letter No. 4 dated 25 February 2015, has deferred the applicability of IFAS 3 till further instructions and prescribed the Banks to prepare their annual and periodical financial statements as per existing prescribed formats issued vide BPRD Circular 02 of 2018, as amended from time to time.

Notes to the Financial Statements

For the year ended 31 December 2018

2.3 Standards, interpretations and amendments to accounting and reporting standards as applicable in Pakistan that are effective in the current year

There are certain new and amended IFRS, interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after 1 January 2018 but are considered not to be relevant or do not have any significant effect on the Bank's operations and therefore not detailed in these financial statements.

State Bank of Pakistan prescribed a new format for financial statements of banks effective from the year ended 31 December 2018. Accordingly, these financial statements are prepared in accordance with the new format. The changes impacting (other than certain presentation changes) these financial statements include:

- Recording of acceptances on the balance sheet (previously disclosed as off-balance sheet) (note 3.21, 11 and 16).
- Inclusion of surplus / deficit on revaluation of investments and fixed assets as part of equity (previously shown below equity).
- Foreign currency swap costs have been grossed up from foreign exchange income and included in mark-up / return / interest expensed (note 22).
- Other provisions / write offs have now been combined under provisions and write offs - net (note 29).

In addition, Companies Act, 2017 also became effective for the financial statements for the year ended 31 December 2018. As the Bank's financial statements are prepared in accordance with the format prescribed by SBP, it did not have a direct impact on the financial statements except that for disclosure of related parties transactions, as required by fourth schedule of Companies Act, 2017 the definition of related parties as given in IAS 24 - Related parties has been followed. In addition, as section 235 of the Companies Ordinance, 1984 has not been continued in the Companies Act, 2017, this required change in Bank's accounting policy for off-setting of deficit arising on revaluation against surplus on revaluation of other items of fixed assets (see note 3.6).

2.4 Standards, interpretations and amendments to published accounting and reporting standards as applicable in Pakistan that are not yet effective

The following IFRS, amendments and interpretations will be effective for accounting periods beginning on or after 1 January 2019:

- IFRS 16 'Leases' (effective for annual period beginning on or after 1 January 2019). IFRS 16 replaces existing leasing guidance, including IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases- Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'. IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases.

The Bank has completed an initial assessment of the potential impact on its financial statements but has not yet completed its detailed assessment. The actual impact of applying IFRS 16 on the financial statements in the period of initial application will depend on future economic conditions, the development of the Bank's leases portfolio, the Bank's assessment of whether it will exercise any lease renewal options and the extent to which the Bank chooses to use practical expedients and recognition exemptions. The nature of expenses related to these leases will now change because IFRS 16 replaces the straight line operating lease expense with a depreciation charge for right-of-use assets and interest expense on lease liabilities.

The Bank plans to apply IFRS 16 initially on 1 January 2019, using a modified retrospective approach. Based on Bank's initial assessment as at 1 January 2019, the Bank is estimated to record a right-of-use asset and lease liability of around Rs. 2 billion.

- IFRIC 23 'Uncertainty over Income Tax Treatments' (effective for annual periods beginning on or after 1 January 2019) clarifies the accounting for income tax when there is uncertainty over income tax treatments under IAS 12. The interpretation requires the uncertainty over tax treatment be reflected in the measurement of current and deferred tax. The application of interpretation is not likely to have an impact on Bank's financial statements.
- IFRS 15 'Revenue from contracts with customers' (effective for annual periods beginning on or after 1 July 2018). IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognized. It

Notes to the Financial Statements

For the year ended 31 December 2018

replaces existing revenue recognition guidance, including IAS 18 'Revenue', IAS 11 'Construction Contracts' and IFRIC 13 'Customer Loyalty Programmes'. The management has completed an initial assessment of changes required in revenue recognition policies on adoption of the standard and considers that the impact would not be significant.

- IFRS 9 'Financial Instruments' and amendment – Prepayment Features with Negative Compensation (effective for annual periods beginning on or after 1 July 2018 and 1 January 2019 respectively). IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. The Bank has carried out an impact assessment as at 31 December 2017 which has been submitted to State Bank of Pakistan. The management has completed an initial assessment of changes required in classification and measurement of financial instruments on adoption of the standard and has also carried out an initial exercise to calculate impairment required under expected credit loss model which results in an estimated reduction of provision by around Rs. 1.6 billion as at 31 December 2018.
- Amendment to IAS 28 'Investments in Associates and Joint Ventures' - Long Term Interests (LTI) in Associates and Joint Ventures (effective for annual period beginning on or after 1 January 2019). The amendment will affect companies that finance such entities with preference shares or with loans for which repayment is not expected in the foreseeable future (referred to as LTI). The amendment and accompanying example state that LTI are in the scope of both IFRS 9 and IAS 28 and explain the annual sequence in which both standards are to be applied. The amendments are not likely to have an impact on Bank's financial statements.
- Amendments to IAS 19 'Employee Benefits' - Plan Amendment, Curtailment or Settlement (effective for annual periods beginning on or after 1 January 2019). The amendments clarify that on amendment, curtailment or settlement of a defined benefit plan, a company now uses updated actuarial assumptions to determine its current service cost and net interest for the period; and the effect of the asset ceiling is disregarded when calculating the gain or loss on any settlement of the plan and is dealt with separately in other comprehensive income. The application of amendments is not likely to have an impact on Bank's financial statements.
- Amendment to IFRS 3 'Business Combinations' – Definition of a Business (effective for business combinations for which the acquisition date is on or after the beginning of annual period beginning on or after 1 January 2020). The IASB has issued amendments aiming to resolve the difficulties that arise when an entity determines whether it has acquired a business or a group of assets. The amendments clarify that to be considered a business, an acquired set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs. The amendments include an election to use a concentration test. The standard is effective for transactions in the future and therefore would not have an impact on past financial statements.
- Amendments to IAS 1 'Presentation of Financial Statements' and IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' (effective for annual periods beginning on or after 1 January 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS Standards. In addition, the IASB has also issued guidance on how to make material judgements when preparing their general purpose financial statements in accordance with IFRS Standards.

Annual improvements to IFRS Standards 2015–2017 Cycle - the improvements address amendments to following IFRS:

- IFRS 3 'Business Combinations' and IFRS 11 'Joint Arrangement' - the amendment aims to clarify the accounting treatment when a company increases its interest in a joint operation that meets the definition of a business. A company remeasures its previously held interest in a joint operation when it obtains control of the business. A company does not remeasure its previously held interest in a joint operation when it obtains joint control of the business.
- IAS 12 'Income Taxes' - the amendment clarifies that all income tax consequences of dividends (including payments on financial instruments classified as equity) are recognized consistently with the transaction that generates the distributable profits.
- IAS 23 'Borrowing Costs' - the amendment clarifies that a company treats as part of general borrowings any borrowing originally made to develop an asset when the asset is ready for its intended use or sale.

The above amendments are effective for annual periods beginning on or after 1 January 2019 and are not likely to have an impact on Bank's financial statements.

2.5 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires management to make

Notes to the Financial Statements

For the year ended 31 December 2018

judgments, estimates and assumptions that effect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are described in the following:

- Note 7 Classification and provisioning against investments
- Note 8.2 Classification and provisioning against non-performing advances
- Note 9 Valuation and depreciation rates for fixed assets
- Note 10 Impairment of goodwill
- Note 15 Deferred taxation
- Note 20.7 Derivative instruments
- Note 30 Income taxes

2.5.1 Change in accounting estimate

During the current year, the Bank has revised its estimate of useful life for buildings on freehold and leasehold land ranging from 10 to 35 years based on opinion of independent professional consultant. The management believes that the revised useful lives of buildings on freehold and leasehold land will more appropriately reflect the pattern in which economic benefits are expected to be consumed by the Bank through continuing use of these assets. The change in accounting estimate has been applied prospectively in accordance with the requirements of International Accounting Standard 8, 'Accounting Policies, Changes in Accounting Estimates and Errors' (IAS 8). The effects of change in accounting estimate on depreciation expense in current and future years on estimated basis are as follow:

Year	Increase / (decrease) in depreciation expense (Rupees in '000)
2018	(334,613)
2019	(97,067)
2020	(97,613)
2021	(97,136)
2022	6,927
Later	619,502

2.6 Basis of measurement

These financial statements have been prepared under the historical cost convention, except that certain available for sale, trading and derivative financial instruments have been measured at fair value, whereas certain fixed assets are stated at revalued amounts less accumulated depreciation and accumulated impairment losses, where applicable.

2.7 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Bank's functional currency. Except as indicated, financial information presented in Pakistan Rupees has been rounded to the nearest thousand.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all years presented except as described in note 3.6 in respect of deficit on revaluation of assets.

3.1 Business acquisitions

Acquisitions from entities under common control

Business combinations arising from transfers of interest in entities that are under the control of the shareholder that controls the Group are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period

Notes to the Financial Statements

For the year ended 31 December 2018

presented. For this purpose comparatives are restated, where required. The assets and liabilities acquired are recognised at the carrying amounts recognised previously in the combining entity's financial statements.

Other acquisitions

Other business combinations are accounted for using the acquisition method. For acquisition prior to 1 January 2009, the cost of acquisition is measured at the fair value of the asset given, equity instruments issued and the liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identified assets acquired are fair valued at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of cost of acquisition over the fair value of identifiable net assets acquired is recorded as goodwill. Subsequently, any recoveries or losses to fair value of net assets are taken to profit and loss account and disclosed in note 26 to these financial statements.

3.2 Cash and cash equivalents

For the purposes of cash flow statement, cash and cash equivalents comprise of cash and balances with treasury banks and balances with other banks and overdrawn nostros.

3.3 Lending and Borrowing

Securities sold subject to repurchase agreements ('repos') remain on the balance sheet; the counterparty liability is included in borrowings from financial institutions. Securities purchased under agreements to resell ('reverse repos') are recorded as lendings to financial institutions. The difference between sale and repurchase price is treated as interest / mark-up / return and accrued over the life of the underlying agreement using the effective interest method.

3.4 Investments

The Bank classifies its investments as follows:

a) Held for trading

These are securities, which are acquired with the intention to trade by taking advantage of short term market / interest rate movements and are carried at market value. The surplus / deficit arising as a result of revaluation at market value is recognised in the profit and loss account. These securities are to be sold within 90 days from the date of their classification as 'Held for trading' under normal circumstances, in accordance with the requirements specified by BSD Circular 10 dated 13 July 2004 issued by the State Bank of Pakistan. Market value of investment in Government securities is determined based on the relevant PKRV and PKISRV rates.

b) Held to maturity

These are securities with fixed or determinable payments and fixed maturity that are held with the intention and ability to hold to maturity. These are carried at amortised cost.

c) Available for sale

These are investments that do not fall under the held for trading or held to maturity categories and are carried at market value. The surplus / deficit arising as a result of revaluation at market value is kept in a separate account below equity. Market value of investment in Government securities is determined based on the relevant PKRV and PKISRV rates.

All 'regular way' purchases and sales of investments are recognised on the trade date i.e. the date that the bank commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of investments that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Impairment

Impairment loss in respect of equity securities classified as available for sale and subsidiaries is recognised based on management's assessment of objective evidence of impairment as a result of one or more events that may have an impact on the estimated future cash flows of the investments. A significant or prolonged decline in fair value of an equity investment below its cost is also considered an objective evidence of impairment. Provision for diminution in the value of debt securities is made as per the Prudential Regulations issued by the State Bank of Pakistan. In case of impairment of available for sale securities, the cumulative loss that has been recognised directly in surplus / (deficit) on revaluation of securities on the statement of financial position below equity is removed therefrom and recognised in the profit and loss account.

Notes to the Financial Statements

For the year ended 31 December 2018

3.5 Advances

Advances are stated net of provision against non-performing advances. Specific and general provisions are made based on an appraisal of the loan portfolio that takes into account Prudential Regulations issued by the State Bank of Pakistan from time to time. Specific provisions are made where the repayment of identified loans is in doubt and reflect an estimate of the amount of loss expected. The general provision is for the inherent risk of losses which, although not separately identified, are known from experience to be present in any loan portfolio. Provision made / reversed during the year is charged to the profit and loss account and accumulated provision is netted off against advances. Advances are written-off when there is no realistic prospect of recovery.

When the Bank is the lessor in a lease agreement that transfers substantially all of the risks and rewards incidental to ownership of an asset to the lessee, the arrangement is presented within loans and advances.

Islamic financing

In Murabaha transactions, the Bank purchases the goods and after taking the possession, sells them to the customer on cost plus profit basis either in a spot or credit transaction.

In Diminishing Musharakah financing, the Bank enters into Musharakah based on Shirkat-ul-milk for financing an agreed share of fixed asset (e.g. house, plant or machinery) with its customers. The customers pay periodic profit as per the agreement for the utilisation of the Bank's Musharakah share and also periodically purchase the Bank's share over the tenure of the transaction.

In Musharakah financing, the Bank enters into financing with the customer in his operating business based on Shirkatul Aqd. The customer pays provisional profit as per the desired profit rate which is subject to final settlement based on the annual accounts of the customer.

3.6 Operating fixed assets - tangible

Owned

Operating fixed assets, other than land and buildings, are stated at cost less accumulated depreciation and accumulated impairment losses thereon. Cost includes expenditure that is directly attributable to the acquisition of fixed assets. Land and buildings are stated at revalued amounts less accumulated depreciation.

Subsequent costs are included in the asset's carrying amount or are recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other repairs and maintenance expenditures are charged to profit and loss account during the financial period in which they are incurred.

Land and buildings are revalued by independent professionally qualified valuer(s). Surplus arising on revaluation is credited to the 'surplus on revaluation of fixed assets' account (net of deferred tax). Under the provisions of the repealed Companies Ordinance, 1984, deficit arising on revaluation of fixed assets was adjusted against the balance in the above-mentioned surplus account. However with the repeal of Companies Ordinance, 1984 a deficit arising on a particular asset is charged to profit and loss account after adjusting any surplus recorded on that asset previously. The change in accounting policy did not have an impact on Bank's financial statements. The revaluation is carried out with sufficient regularity to ensure that the carrying amount does not differ materially from that which would have been determined using fair value at the balance sheet date.

Accumulated depreciation on owned buildings, at the date of revaluation, is eliminated against the gross carrying amount of buildings. The net amount is then restated to the revalued amount.

Surplus on revaluation of fixed assets (net of tax) is transferred to unappropriated profit to the extent of incremental depreciation charged on related assets.

Land is not depreciated. Depreciation on all other fixed assets is calculated using the straight line method to allocate their depreciable cost or revalued amount to their residual values over their estimated useful lives.

The residual values and useful lives of fixed assets are reviewed, and adjusted (if appropriate) at each balance sheet date.

Gains and losses on disposal of fixed assets are included in profit and loss account currently, except that the related surplus on revaluation of fixed assets (net of tax) is transferred directly to unappropriated profits.

Notes to the Financial Statements

For the year ended 31 December 2018

Capital work in progress

Capital work in progress is stated at cost less accumulated impairment losses, if any.

3.7 Intangible assets

Goodwill

Goodwill represents the excess of cost of an acquisition over the fair value of net identifiable assets acquired at the date of acquisition. Goodwill is tested annually for impairment and carried at cost less accumulated impairment.

Computer software

Acquired computer software licenses are capitalised on the basis of costs incurred to acquire and bring to use the specific software. These costs are amortised over their expected useful lives using the straight line method.

Acquired intangibles in business combination

Acquired intangibles in business combination that have finite lives are amortised over their economic useful life based on the manner that benefits of the relevant assets are consumed.

3.8 Impairment of non-financial assets

The carrying amounts of the Bank's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated pre-tax future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount.

3.9 Borrowings / deposits and their cost

- Borrowings / deposits are recorded at the time when the proceeds are received.
- Borrowing / deposit costs are recognised as an expense in the period in which these are incurred using effective mark-up / interest rate method.

3.10 Staff retirement benefits

Defined benefit plan

The Bank operates approved funded management and non-management pension scheme only for its existing pensioners.

For defined benefit plans, the net defined benefit liability / asset recognised in the balance sheet is the deficit or surplus, adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The deficit or surplus is:

- (a) the present value of the defined benefit obligation; less

The present value of defined benefit obligation is calculated annually by independent actuaries by discounting the estimated future cash flows using an interest rate equal to the yield on high-quality corporate bonds.

Actuarial gains or losses that arise are recognised in other comprehensive income in the period they arise. Service cost and net interest on net defined benefit liability / asset are recognised in profit and loss account.

Notes to the Financial Statements

For the year ended 31 December 2018

Defined contribution plan

The Bank also operates a defined contribution gratuity scheme for all its management and non-management staff, and a provident fund scheme for all its permanent staff, contributing at 8.33 percent and 10 percent of basic salary respectively.

3.11 Foreign currency transactions

Transactions in foreign currencies are translated to Pakistan Rupees at exchange rates prevailing at the date of transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to Pakistan Rupees at the exchange rate prevailing at that reporting date. Foreign currency differences arising on retranslation are recognised in profit or loss.

3.12 Revenue recognition

Mark-up / return on advances and investments is recognised on an accrual basis using the effective interest rate method. The effective interest rate is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of the financial asset or liability (or, where appropriate, a shorter period) to the carrying amount of the financial asset or liability.

Mark-up recoverable on classified loans, advances and investments is recognised on a receipt basis in accordance with the requirements of Prudential Regulations issued by the State Bank of Pakistan. Mark-up on rescheduled / restructured loans, advances and investments is also recognised in accordance with the requirements of these Prudential Regulations.

Where debt securities are purchased at a premium or discount, those premiums / discounts are amortized through profit and loss account over the remaining maturity, using the effective yield method.

Fees, commission and brokerage income is recognised on an accrual basis except where in the opinion of the management, it would not be prudent to do so. Fees and commission which in substance amount to an additional interest charge, are recognised over the life of the underlying transaction on a level yield basis.

Dividend income is recognised when the right to receive income is established.

A portion of income is deferred for loyalty reward credits awarded to customers for usage of the Bank's credit card and are measured by reference to their fair value. Upon expiry / redemption of the reward credits, the income previously deferred will be recognised.

Profit on Murabaha transactions from the date of disbursement to the date of culmination of Murabaha (offer and acceptance) is recognised immediately on the date of culmination and thereafter, profit on Murabaha is recognised on accrual basis.

Profit on Diminishing Musharakah financings is recognised on an accrual basis.

Profit on Musharakah financing is booked on an accrual basis and is subject to adjustment upon declaration of profit by Musharakah partners.

3.13 Taxation

Income tax expense comprises of current and deferred tax. Income tax expense is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax

Current tax is the expected tax payable on the taxable income for the year (using tax rates enacted or substantively enacted at the balance sheet date), and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is provided for using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is measured at tax rates that are expected to be applied to the temporary differences when they are reversed, based on the laws that have been enacted or substantively enacted by the reporting date.

Notes to the Financial Statements

For the year ended 31 December 2018

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

3.14 Derivative financial instruments

Derivative financial instruments are initially recognised at fair value and are subsequently remeasured at fair value. All derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in the fair value of derivative financial instruments is taken to profit and loss account.

3.15 Provisions

Provisions for restructuring costs and legal claims are recognised when: (i) the Bank has a present legal or constructive obligation as a result of past events; (ii) it is more likely than not that an outflow of resources will be required to settle the obligation; and (iii) the amount has been reliably estimated.

3.16 Fiduciary activities

The Bank commonly acts in fiduciary capacities that result in the holding or placing of assets on behalf of individuals, trusts, retirement benefit plans and other institutions for which it earns a fee. These assets and its related income arising thereon are excluded from these financial statements, as they are not assets of the Bank. The assets under custody amount to Rs. 290,719 million as at 31 December 2018.

3.17 Segment reporting

A segment is a component of the Bank that engages in business activities for which it may earn revenues and incur expenses (including revenue and expense relating to transactions with other component), whose results are regularly reviewed by the chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance and for which financial information is available.

Business Segment

A brief description of the products and services offered by different segments of the Bank is given in note 39 to these financial statements.

Geographical Segment

The Bank operates only in Pakistan.

3.18 Off-setting

Financial assets and liabilities are set off and the net amount presented in the balance sheet when, and only when, the Bank has a legal right to set off the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

3.19 Sub-ordinated debt

Sub-ordinated debt is initially measured at fair value plus transaction costs, and subsequently measured at their amortised cost using the effective interest method.

3.20 Share-based compensation

The Group operates various share-based compensation plans which are accounted for as equity settled share based payment transactions, regardless of inter group repayment arrangements. The cost for such share based payment transactions is determined by reference to the fair value of options at the grant date. The fair value is determined based on the market price or using an appropriate valuation technique. The cost is charged to profit and loss account and credited to equity as a contribution from parent. The liability for these transactions which is based on the fair value of these options at the settlement date is settled through debiting equity.

3.21 Acceptances

Acceptances comprise of undertakings by the Bank to pay bills of exchange drawn on customers. The Bank expects most acceptances to be simultaneously settled with the reimbursement from the customers. Acceptances are accounted for as on-balance sheet transactions.

Notes to the Financial Statements

For the year ended 31 December 2018

3.22 Basic and diluted earnings per share

The Bank presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Bank by the weighted average number of ordinary shares outstanding during the period / year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, if any. There were no convertible dilutive potential ordinary shares in issue at 31 December 2018.

3.23 Dividend and appropriation to reserves

Dividend and appropriation to reserves, except appropriation which are required by law after the balance sheet date, are recognised as liability in the Bank's financial statements in the year in which these are approved.

3.24 Financial assets and liabilities

Financial instruments carried on the balance sheet include cash and balances with treasury banks, balances with other banks, lendings to financial and other institutions, investments, advances, certain receivables, bills payable, borrowings from financial institutions, deposit accounts and other payables. The particular recognition methods adopted for significant financial assets and financial liabilities are disclosed in the individual policy statements associated with them.

3.25 Provision for guarantee claims and other off-balance sheet obligations

Provision for guarantee claims and other off-balance sheet obligations are recognised when intimated and reasonable certainty exists for the Bank to settle the obligation. Charge to profit and loss account is stated net of expected recoveries.

* The revaluation adjustment relates to the accumulated depreciation as at revaluation date that was eliminated against the gross carrying amount of the revalued buildings.

9.3 In year 2017, the Bank's owned land and buildings were revalued by independent accredited professional valuers, Iqbal A. Nanjee & Co. (Private) Limited and Colliers International (Level 3 measurements).

Both valuers appointed by the Bank are also on the panel of State Bank of Pakistan. The valuation experts used a market based approach to arrive at the fair value of the Bank's properties. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable or similar properties. These values are adjusted to reflect the nature, current condition and location of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty, accordingly a qualitative disclosure of sensitivity has not been presented in these financial statements.

If the owned land and buildings were measured using the cost model, the carrying amounts would have been as follows:

	2018	2017
----- (Rupees in '000) -----		
Carrying amount		
Freehold land	121,205	121,205
Leasehold land	541,834	541,834
Buildings on freehold land	91,419	98,371
Buildings on leasehold land	272,666	309,875
	<u>1,027,124</u>	<u>1,071,285</u>

The movement in surplus on revaluation of fixed assets is given in note 19.1 to the financial statements

	2018	2017
----- (Rupees in '000) -----		
9.4 Carrying amount of temporarily idle properties of the Bank	<u>446,997</u>	<u>111,730</u>

9.5 During the year, no disposals of fixed assets were made to the Chief Executive or to a director or to executives or to a shareholder holding not less than 10% of the voting shares of the Bank or to any related party.

10.1 At 31 December 2018, accumulated goodwill amounted to Rs. 26,095 million (2017: Rs. 26,095 million).

An annual assessment is made as to whether the current carrying value of goodwill is impaired. For the purposes of impairment testing, goodwill has been allocated to the CGUs that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those CGUs. At 31 December 2018, recoverable amount of all CGUs exceeded the carrying amount.

Notes to the Financial Statements

For the year ended 31 December 2018

The recoverable amount for the purpose of assessing impairment of goodwill on acquisition of Union Bank Limited was based on value in use. The calculations are based on the five year forecasts approved by the management and a terminal value determined using Gordon Growth Model (using growth rate of 5%, equivalent to long term inflation rate). The cash flows are discounted using a pre tax discount rate (27.8%) which reflects the current market rate appropriate for the business, computed using Capital Asset Pricing Model. The allocation of goodwill to CGUs for the purpose of impairment testing is given below:

	2018	2017
	(Rupees in '000)	
Cash generating unit		
Corporate & Institutional Business	6,841,098	6,841,098
Commercial Business	5,801,256	5,801,256
Retail Business	13,452,956	13,452,956
Total Goodwill	26,095,310	26,095,310

The management believes that any reasonable / possible changes to the key assumptions on which calculation of recoverable amount is based, would not cause the carrying amount to exceed the recoverable amount. The Bank has performed sensitivity analysis on the key assumptions for recoverable amount. These include a 1 percent increase in the discount rate, a 1 percent reduction in long-term GDP growth rate and a 10 percent reduction in estimated cash flows. In all the three scenarios mentioned above, the recoverable values in all the CGUs exceed their carrying values and hence no impairment exists.

16.3 These primarily represents provision against off balance sheet exposures such as bank guarantees.

16.4 The Supreme Court of Pakistan vide its order dated 10 November 2016 has held that the amendments made in the law introduced by the Federal Government by Finance Act, 2008 for the levy of Workers Welfare Fund (WWF) on banks were not lawful. The Federal Board of Revenue has filed review petitions against this order, which are currently pending. Legal advice obtained on the matter indicates that consequent to filing of these review petitions the judgment may not currently be treated as conclusive until the review petition is decided. Accordingly, the amount charged for WWF since 2008 has not been reversed.

Further, as a consequence of passage of 18th Amendment to the Constitution, levy for Workers Welfare Fund was also introduced by the Government of Sindh (Sindh WWF) which was effective from 01 January 2014. The definition of industrial undertakings under the aforesaid Sindh WWF law includes banks and financial institutions as well. The Bank along with the other banks has challenged applicability of the said law on Banks before the Sindh High Court.

20.3 Other contingent liabilities	11,125,936	10,988,832

20.3.1 The Bank has a case before the Court on the land where an office building is constructed and the Bank owns a portion of that premises. A request for clearance of its premises from the competent court has been filed based on the fact that the Bank is a bonafide purchaser of the premises having no relevance with the principal case. Considering the facts of the case, the management expects a favourable decision in this case from the competent court. The Bank is also in litigation with various tenants for repossessing its office space in one of its other owned properties. These cases are now being adjudicated before the Court of Rent Controller. During the year, positive decision was rendered for certain office spaces in favour of the Bank. Based on the facts of the case and the opinion of legal counsel, the management expects a favourable decision from the dealing court in remaining cases.

20.3.2 Further, an order for income year 2011 levying Federal Excise Duty of Rs. 515.6 million has been issued. The demand has been stayed by the Sindh High Court.

20.3.3 The tax department amended the assessments for income years 2007 to 2017 (tax years 2008 to 2018 respectively) under the related provisions of the Income Tax Law, determining additional tax liability amounting to Rs. 4,696 million on account of various issues such as disallowances relating to provision against loans and advances and Rs. 3,607 million on account of goodwill amortization (for which deferred tax is also booked) which have been paid by the Bank. Appeals against the amended assessment orders are pending before different appellate forums. The management considers that a significant amount of the additional tax liability is the result of timing differences and is confident that the issues in the above mentioned tax years will be decided in favor of the Bank at appellate forums. Accordingly, no additional provision is required. The Sindh High Court has decided the issue of goodwill amortisation in favor of the Bank for the tax years 2008 and 2012. A tax refund order of Rs. 893 million has been issued by the Federal Board of Revenue in respect of tax year 2008. The Federal Board of Revenue has filed leave to appeal before the Supreme Court of Pakistan.

34 DEFINED BENEFIT PLANS

34.1 General description

Non Management Staff Pension Fund

The plan provides pension calculated at 50% of the average pensionable salary after completing 30 years of service. The employees of the Bank are entitled to either pension or gratuity, but not both. However, the employees of ANZ Grindlays Bank transferred to the bank are entitled to both pension and gratuity and the minimum number of years required for entitlement of pension is 25 years for these employees. Pension is calculated as 1/120 times the last drawn merged salary for each year of service. The plan is closed to active employees. The entire liability is in respect of existing pensioners.

Management Staff Pension Fund

The plan is closed to active employees. The entire liability is in respect of existing pensioners.

34.9 Funding policy

The administration of defined benefit pension scheme is governed under provision of trust deeds established in 2002. Trustees at the request of the Bank agreed to act in accordance with the terms and conditions of these deeds including investment. Funding levels are monitored on annual basis based on actuarial recommendations.

Following are the significant risks associated with the defined benefit scheme;

Asset Volatility

The defined benefit Pension fund is almost entirely invested in Government bonds with mostly fixed income bonds. For Management Staff Pension Fund, 83.86% of the investment (Rs. 42.970 million) is invested in Treasury bills and for Non-Management Staff Pension Fund, 94.43% of the investment (Rs. 49.965 million) is invested in PIBs. This gives rise to significant re-investment risk.

There is no equity or corporate bond exposure. Thus, no equity or settlement risk.

Changes in bond yields

There are two dimensions to the changes in bond yields: first, as described above; second, the valuation of the benefit liability is discounted with reference to these bond yields. So any increase in bond yields will lower the pension liability and vice versa, but, it will also lower the value of the assets.

Life expectancy / Withdrawal rate

The life expectancy is in almost minimal range and is quite predictable in the ages when the employee is in the accredited employment of the Bank for the purpose of pension. Thus, the risk of life expectancy is almost negligible. The withdrawal risk is dependent upon the: benefit structure; age and retention profile of the staff; the valuation methodology; and long-term valuation assumptions. In this case, it is not a significant risk.

35 DEFINED CONTRIBUTION PLAN

The Bank operates a contributory provident and gratuity fund scheme for permanent employees. For provident fund, the employer and employee both contribute 10% of the basic salaries to the funded scheme every month. For gratuity fund scheme, the employer contributes 8.33% of the basic salaries to the funded scheme every month and the payment is made subject to completion of vesting period. Equal monthly contribution by the employer for both the schemes during the year amounted to Rs. 375.049 million (2017: Rs. 354.750 million).

36 SHARE BASED PAYMENTS

The Bank's employees participate in the following share compensation plans operated globally by the ultimate holding company, Standard Chartered PLC (SCPLC). For employees in Pakistan, the Group has changed its arrangement to issue shares of SCPLC upon meeting the vesting conditions. Previously the Group operated cash equivalent or "phantom" arrangements under which employees can receive a cash benefit linked to either the growth in Group's share (Sharesave scheme) or the value of the Group's share (restricted / performance share awards) and the arrangement did not give an option to the Bank's employees to buy SCPLC shares. The market value of shares is denominated in pounds sterling at the time of grant. Phantom scheme not yet vested are still being accounted for cash settled basis.

The total income / expense recognised in respect of above schemes on equity settled basis amounts to Rs. 122.287 million (2017: Rs. 51.490 million) and is also included in managerial remuneration in note 37. As also explained in note 3.20 in detail, the Bank's liability towards its parent, however continues to be determined and recorded on cash settled basis for options not yet vested. The main features of each plan are as follows:

Notes to the Financial Statements

For the year ended 31 December 2018

i) Standard Chartered Share Plan

The 2012 Standard Chartered Share Plan replaced all the Group's existing discretionary share plan arrangements following approval by shareholders at the Group's Annual General Meeting on 5 May 2011. It is the Group's main share plan, applicable to all employees with the flexibility to provide a variety of award types including performance shares, deferred awards (shares or cash) and restricted shares. Performance and restricted share awards will generally be in the form of nil price options to participate in the shares of SCPLC. The remaining life of the plan is ten years.

Movements in the number of share options held by the Bank's employees are as follows:

As at 31 December 2018, total number of options exercisable were 22,065.

ii) International Sharesave Scheme

The International Sharesave Scheme was first launched in 1996 and made available to all employees of the Bank. Employees have the choice of opening a three-year or a five-year savings contract. Within a period of six months after the third or fifth anniversary, employees may exercise the awards and receive any benefit in cash; alternatively, the employee may elect to have the savings, plus interest, repaid in cash. The price at which they may purchase shares is at a discount of up to 20 percent on the share price at the date of the invitation. There are no performance conditions attached to options granted. The options granted do not confer any right to participate in any share issue of any other company.

Movements in the number of share options held by the Bank's employees are as follows:

The intrinsic value of vested International Sharesave cash-settled awards as at 31 December 2018 was Rs. 8,348 thousand (2017: Rs. 7,113 thousand).

As at 31 December 2018, total number of options exercisable were 6,793.

Notes to the Financial Statements

For the year ended 31 December 2018

iii) Restricted Share Scheme

The Restricted Share Scheme is a discretionary share incentive scheme for high performing and high potential staff at any level of the organisation whom the Group wishes to motivate and retain. Except upon appointment when an executive director may be granted an award of restricted shares, the Restricted Share Scheme is not applicable to the Group's executive directors, as it has no performance conditions attached to it. Fifty per cent of the award vests two years after the date of the grant and the remainder after three years. The awards granted under this scheme are nil cost options with any benefit payable in cash. The options granted do not confer any right to participate in any share issue of any other company.

Movements in the number of share options held by the Bank's employees are as follows:-

	2018 Number (‘000)	Weighted average exercise price £ per share	2017 Number (‘000)	Weighted average exercise price £ per share

As at 31 December 2018, total number of options exercisable was Nil.

iv) Supplementary Restricted Share Scheme

The Group operates a Supplementary Restricted Share Scheme which can be used to defer part of an employee's annual bonus in shares. The plan is principally used for employees in the global markets area and is similar to the RSS outlined above for three important factors: executive directors are specifically prohibited from the plan; no new shares can be issued to satisfy awards; and there is no individual annual limit.

Movements in the number of share options held by the Bank's employees are as follows:

	2018 Number (‘000)	Weighted average exercise price £ per share	2017 Number (‘000)	Weighted average exercise price £ per share

As at 31 December 2018, total number of options exercisable was Nil.

Notes to the Financial Statements

For the year ended 31 December 2018

v) Management Long-Term Incentive Plan (MLTIP)

Management Long-Term Incentive Plan (LTIP) awards are granted to selected senior management with vesting subject to performance measures. Performance measures attached to awards granted includes: Total Shareholder Return (TSR); Return on Equity (RoE) with a Common Equity Tier 1 (CET1) underpin; strategic measures; Earnings Per Share (EPS) growth; and Return on Risk-Weighted Assets (RoRWA). Each measure is assessed independently over a three-year period. In an event of non compliance in conduct gateway requirement or exit from the Group (unless it falls within eligible leaver criteria) the MLTIP will be forfeited / lapsed.

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

38.2 These financial assets and liabilities are for short term or reprice over short term. Therefore their carrying amounts are reasonable approximation of fair value.

42 RISK MANAGEMENT

The Bank has put in place an Enterprise Risk Management Framework (ERMF), to implement the guidelines and regulations, related to Risk Management. The ERMF sets out the principles and standards for risk management across the Bank and covers principal risks types of Credit, Market, Capital / Liquidity, Operational, Country, Reputational, Compliance, Conduct, Information & Cyber Security and Financial Crime risk. These ten principle risks are managed through distinct Risk Type Frameworks (RTFs). A dynamic risk scanning process is also in place to periodically scan for emerging risks and uncertainties.

The ERMF and RTFs define the formal definition of each risk type. The RTFs also define the risk management principles and approach for the management of these risks. In line with ERMF the bank has in place a governance structure for management of risk. The ultimate responsibility for the oversight of risk management function rests with the Bank's Board of Directors. Acting within the authority delegated by the Board, the Country Management Team (CMT) has appointed the Executive Risk Committee (ERC) and the Asset and Liability Committee (ALCO), for effective Risk Management. ERC is chaired by the Country Chief Risk Officer (CCRO), through authority delegated by the Board, via the Bank's CMT. There are various risk related committees and forums at the management as well as the board level. These include Board Risk Committee (BRC), ERC, ALCO, Approvals Committee, Country Non-Financial Risk Committee, Country Financial Crime Risk Committee, Credit Issue Committee etc.

Notes to the Financial Statements

For the year ended 31 December 2018

The Bank has a Risk Appetite Mandate in place which defines the maximum level of risk that the bank can undertake. This is approved annually by the Board.

The Bank follows the three Lines of Defence (LOD) as part of its risk management and control framework. Under this, the businesses and functions being the first line of defense are engaged in or support revenue generating activities, own and manage the risks. Second line are the control functions that are independent of the First Line, and that provide oversight and challenge of risk management. Lastly, the internal audit function provides independent assurance.

42.1 Credit risk

Credit Risk is defined as the “potential for loss due to the failure of a counterparty to meet its agreed obligations to pay the Bank” and further divided into following sub-types:

- Credit concentration risk is the risk of material losses arising from sub-optimally diversified exposures. This may be due to the portfolio's sizeable single name exposure or high correlation across geographies and sectors. The risk arises that, due to a change in circumstances, having a concentration may give rise to potential losses.
- FX lending risk relates to the relationship between credit risk and market risk, where volatility in exchange rate movements may have adverse consequences on a borrower's debt servicing capacity should they lack natural or financial hedges. FX lending risk may also be present through currency concentration and where there is a collateral currency mismatch.
- Credit residual risk is the risk of partial performance or failure of credit risk mitigation techniques (e.g. collateral, derivative based hedging, insurance), owing to undervaluation or ineffective enforceability. Credit residual risk can occur due to the imperfect matching profile between credit exposures and collaterals / hedging instruments.
- Securitisation risk considers whether risk mitigation benefit may change through assets coming back on balance sheet or otherwise. Securitisation activities are undertaken by the Bank for a variety of purposes including risk mitigation, funding and capital management (as originator) and may be categorised as either traditional or synthetic securitisations.
- Refinancing risk is the risk that a borrower cannot refinance by borrowing further to repay existing debt potentially leading to the borrower facing liquidity pressures.

A Risk Appetite metrics is setup considering the inherent risks, control effectiveness and residual risk. A careful consideration is given to strategy and infrastructure, Business Risk Horizon (BRH) indicators, concentration risk, risk-adjusted profitability and efficient use of the Group's capital resources while reviewing new credit exposures and monitoring existing credit exposures. This is predominantly done through setting up thresholds at client-level and portfolio-level. Portfolio or underwriting guidelines set the target portfolio shape around sector, product, industry, tenor, collateral, risk acceptance criteria and credit risk profile. Periodic deep dives to identify vulnerable clients or portfolio segments; and application of de-risking or mitigating actions.

The overall credit portfolio is monitored against risk appetite and any breach is highlighted and discussed at the appropriate governance forum / authority levels and appropriate mitigation actions determined by the appropriate committees / delegated authorities.

Stress testing tool is used for credit risk identification assessment, monitoring and mitigation and contribute to risk appetite calibration. Periodic stress tests are performed on the credit portfolio / segment to anticipate vulnerabilities from stressed conditions and initiate timely de-risking and mitigation plans.

Other monitoring processes include Excess and Pass Due Management, Accounts subject To Additional Review (ASTAR), Early Alert (EA), and Group Special Assets Management (GSAM).

The effects of credit risk mitigation techniques, including collateral, guarantees, and legally enforceable netting agreement (if any).

Quantitative and qualitative information about its securitization activities and contractual obligations with respect to recourse arrangements and the expected losses under those arrangements.

The overall credit portfolio is well collateralized. This includes all major types of collaterals such as hypothecation charge over current assets, charge over fixed assets, mortgage over property, lien on cash deposit, pledge of shares, SBLCs, pledge of stock etc.

42.2 Market Risk

The Bank has recently adopted the Traded Risk Type Framework under which the bank recognizes market risk as the 'Potential for loss of economic value due to adverse changes in the financial markets rates or prices'. The Traded Risk Framework is built on a risk-based approach and the framework considers processes and tools to be forward-looking, repeatable, sustainable and anticipate future needs. Market Risk exposures arise primarily from interest rate and foreign exchange related contracts. The Bank has no significant exposure to equity and commodity price risk.

Traded Risk Management (TRM) performs market risk management activities for the bank. Market risk limits are proposed by TRM after discussion with relevant businesses and are reviewed twice a year. Under the framework, authority for setting market risk limits is delegated to the local risk committee i.e. ERC and Approvals committee and the CCRO. Overall risk appetite is set by the BOD in terms of Value at risk (VaR) as a percentage of CET1. Market risk exposures are reported to country ALCO on a monthly basis.

In addition to VaR and other market risk limits, independent stress testing of portfolios, factor sensitivity measures and derivatives are also employed as additional risk management tools to manage and hedge market risk exposures. VaR is the main limit that is being applied by the bank along with other supporting price risk limits. Interest Rate Risk is controlled via PV01 limits which are set on net as well as gross basis across various tenors and at currency level. Additionally curve tenor limits are applied to contain the interest rate risk exposure going beyond certain tenors. PV01 strip is then applied to the historical scenarios i.e. risk factors over the last 260 days to derive the NPV distribution which is then used to determine VaR and Stress VaR.

All limits are hard limits and any excess results in escalation to senior management, with the level of escalation depending upon nature of excess. These limits are monitored on a daily basis as part of daily risk reporting.

42.2.3 Equity position Risk

Since the exposure of the Bank in equity is insignificant, the effect of changes in equity prices have not been disclosed.

42.2.4 Yield / Interest Rate Risk in the Banking Book (IRRBB) - Basel II Specific

Yield / Interest rate sensitivity position for on-balance sheet instruments is based on the earlier of contractual re-pricing or maturity date and for off-balance sheet instruments is based on settlement date. This also refers to the non-trading market risk.

- Interest Rate Risk in the Banking Book (IRRBB) is defined as a potential reduction on the Bank's earnings or economic value due to an adverse movement in interest rates arising from its Banking Book exposures.
- IRRBB arises from 1) Repricing Risk (arises from timing mismatch in the re-pricing profile of assets, liabilities and off-balance sheet positions), 2) Basis Risk (arises from the imperfect correlation of rates on different instruments with otherwise similar re-pricing characteristics) and 3) Option Risk (result from clients exercising their right to alter the cash-flow of an instrument).

The Bank assumes a constant balance sheet (balances, duration, product mix etc.) with maturing balances being replenished with instruments of similar characteristics; this also assumes that contingent exposures are not drawn in order to maintain a constant balance sheet. A parallel shock is applied to the yield curve across all currencies for a forecasted horizon of 12 months. The economic life and re-pricing tenors for maturing products is assumed to be the contractual profile whereas for non-maturing products it is taken to be the FTP profile.

When modelling floating rate products; or instruments with short term tenors or high spreads, the prepayment behavior will be assumed independent from interest rate scenarios.

When modelling long term fixed rate products with low spreads the prepayment behaviour will be assumed interest rate dependent. Pass through rates (proportion of change in market rates passed on to customers) and Pass through lags (time difference between market interest rate change and its pass through to a customer) are determined by businesses once a year and reviewed and approved by the ALCO:

- IRRBB is a risk sub type covered under the Capital & Liquidity Risk Type Framework. The framework and its policies require the interest rate risk exposures in the banking book are presented to the ALCO monthly.
- The increase (decline) in earnings for upward shocks according to Bank's method for measuring IRRBB, translated into Rupees is presented below:

Notes to the Financial Statements

For the year ended 31 December 2018

Yield risk is the risk of decline in earnings due to adverse movement of the yield curve. Interest rate risk is the risk that the value of financial instruments will fluctuate due to changes in the market interest rates. The Bank is exposed to various risks associated with the effects of fluctuation in the prevailing levels of market interest rates on its financial position and cash flows. The Bank manages this risk by matching the re-pricing of assets and liabilities and off-balance sheet instruments.

42.3 Operational Risk

Operational risk is the potential for loss resulting from inadequate or failed internal processes and systems, human error, or from impact of external events (including legal risks). Operational risk is inherent in the Bank's activities and as with the other risk types is managed through an overall framework with checks and balances that includes recognized ownership of the risk by the businesses, independent risk management oversight and an independent review by the Group Internal Audit.

The Operational Risk Type Framework (ORTF), sets out the approach for management of operational risk as well as the roles and responsibilities of the various stakeholders. The ORTF is built on a risk-based approach meaning that risk management plans, processes, activities, and resource allocations are determined in accordance with the level of risk. In accordance with the framework, business segments and functions are accountable for the day to day management of business activities and to manage the operational risks that arises from these activities. The independent risk management function and subject matter experts provide, challenge, guidance, and oversight over the business activities. Existing and future levels of operational risk must be maintained within the approved risk appetite of the Bank.

The majority of the operational risk losses during the year emerged from Execution Delivery & Process Management and External Fraud.

The Bank has a system in place, namely Enterprise Operational Risk Platform (EORP), that is utilized for the recording of operational losses, monitoring of controls, risks and associated mitigating actions, pertinent to operational risk.

The Country Non-Financial Risk Committee (CNFRC) has oversight function over operational risk in addition to compliance risk, financial crime risk, conduct risk, information & cyber security risk, and reputational risk. The committee has the authority to take a view on the significance of risks and to direct appropriate actions. The CNFRC is chaired by the CEO, with CCRO as the alternate chairperson. Depending on the significance of risks, the issues are tabled at ERC chaired by the CCRO.

Disaster recovery procedures, business contingency planning and internal audits also form an integral part of the operational risk management process.

42.3.1 Operational Risk - Disclosures Basel II Specific

The Bank uses The Standardized Approach (TSA) for assessing capital charge for operational risk. Under the TSA approach the business activities of the banks are divided into eight business lines, namely corporate finance, trading & sales, retail banking, commercial banking, payment & settlement, agency services, asset management, and retail brokerage. Within each business line, the gross income is a broad indicator that serves as a proxy for the scale of business operations and thus the likely scale of operational risk exposure within each of these business lines. The capital charge for each business line is calculated by multiplying the gross income by a factor (denoted beta) that is assigned to that business line.

In terms of Basel Event type classification, the majority of the operational risk losses during 2018, are booked in execution delivery & process management and external fraud events.

Events leading to potential or actual operational losses are known as Operational Risk Events (OREs). Appropriate procedures are in place for the identification, classification, capture, approval and analysis of OREs. OREs must be identified by the First Line of Defence. Prompt actions are to be taken to remediate the impact to our clients and to the Bank. All identified ORE are categorized in terms of Basel business line and event types, and are duly logged on the EORP system. Furthermore, all OREs are reviewed to assess the need for risk treatment actions which include remediation and mitigation actions. Remediation actions seek to rectify the specific outcomes of the event where possible and mitigation actions seek to sustainably prevent the reoccurrence of the ORE. If required, detailed Root Cause Reviews (RCR) are performed to have a detailed analysis of the ORE and to embed lessons learnt through the redesign of processes or controls.

42.4 Liquidity Risk

Liquidity Risk is the potential for loss to an institution arising from either its inability to meet its obligations or to fund increase in assets as they fall due without incurring unacceptable cost or losses. Funding Risk is the potential for actual or opportunity loss because the bank does not have stable or diversified sources of funding in the medium and long term to enable it to meet its financial obligations in pursuit of its desired business strategy or growth objectives.

Liquidity Risk, both short term and structural, and Funding Risk is monitored through the Bank's Capital & Liquidity Risk Type Framework and covered under the Liquidity and Funding Risk policy, and is managed by the Asset and Liability Committee ("ALCO"). This committee, chaired by the CEO, is responsible for both the statutory and prudential liquidity. The ALCO prudently monitors the Bank's balance sheet and ensures that the bank remains liquid at all times.

A range of tools are used for the management of liquidity. Tools for structural liquidity comprise of commitment and wholesale borrowing guidelines, key balance sheet ratios, and medium term funding requirements whereas short-term liquidity tools include day to day monitoring of future cash flows and liquidity stress tests using various behavioral and rollover assumptions. The Bank also maintains significant levels of marketable securities either for compliance with local statutory requirements or as prudential investments of surplus funds.

Stress Testing and scenario analyses are used to assess the financial and management capability to continue to operate effectively under extreme, but plausible, operating conditions and to understand the potential threats to the bank's liquidity and other financial resources. Routine stress tests under the Liquidity and Funding Risk Policy comprises of Name specific stress, market wide stress and a combined scenario. In addition, the Bank has prepared a Country Recovery Plan which is a live document by which the Country ensures that it has the ability to recover its financial position in the event of an extreme but plausible liquidity and/or solvency stress. The Bank has set Recovery Indicators capable of acting as early warning indicators of a liquidity and/or solvency stress which meet applicable regulations (where relevant).

42.4.1 MATURITIES OF ASSETS AND LIABILITIES - based on contractual maturity of assets and liabilities of the bank

In accordance with the guidelines issued by SBP through BSD Circular Letter No. 3 of 2011 and BSD Circular Letter No. 2 of 2013, Banks are required to disclose maturities of assets and liabilities separately for 'contractual maturities' and 'expected maturities'. The expected maturities are calculated using three (3) years historical balances and identifying "Core" and "Non-Core" balances using monthly volatility analysis. Fixed / intangible assets are presented on the basis of their depreciation / amortisation schedule.

42.5 Derivative Risk

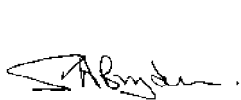

"The Bank is one of six authorised derivatives dealers licensed by State Bank of Pakistan. The derivatives business has been an important differentiating factor for the Bank's earnings profile and has helped the Bank to offer a complete wholesale product suite to its clients.

The Bank has largely run the risk from customer transactions and managed it in the interbank market from time to time. Fundamentally, the Bank manages risk via the short-term foreign exchange market locally to manage these longer-term exposures, while in certain cases where there is no PKR leg involved, the risk is off-set fully with the Banks off-shore hubs in London, Singapore and UAE.

The principles of risk management are governed by the Bank's own global practices that have been adopted by SCB Pakistan. A dedicated Financial Markets sales team and relationship management team serve as the liaison between clients, regulator and the trading desk to ensure an optimal solution for the end-user. The Bank also employs headcount to price execute and manage these exposures, whilst support is also taken from regional support teams which help to measure and monitor risk assumed by the Bank from time to time."

Annexure-II

i) Key features and risk & reward characteristics

Saadq Current account is a Sharia'h compliant non-profit bearing transactional account, based on the Islamic banking principle of "Qard". While Saadiq Savings & Term accounts are Sharia'h compliant account based on the Islamic principle of "Mudarabah".

Mudarabah is a partnership where one party gives money to other for investing in a business. The partner who is providing the money is "Rab-ul-Mall" (investor) and the partner who manages the investment is "Mudarib" (working partner). The Bank (Mudarib) invests the funds given by the account holder "Rab-ul-Mall" in Sharia'h compliant businesses to earn profits. This profit is shared on the basis of profit & loss sharing as per the pre-agreed ratio between the Bank and the customer.

In case of loss, the same is borne by the depositors in proportion to their investments, and the Bank (Mudarib) bears the loss of its efforts / services in managing Mudarabah.

ii) Parameters used for allocation of profit, charging expenses and provisions

The profit for the deposit pool is calculated from income earned on all the remunerative assets booked by utilising the funds from the deposit pool and is distributed between Mudarib and Rab-ul-Mall based on declared sharing ratios (before start of every given month).

No general or administrative expenses are charged to pools. No provision against any non-performing asset of the pool is passed on to the pool except for the actual loss / write-off of such non-performing asset.

iii) Deployment of Mudaraba based deposits

The deposits and funds accepted under the above mentioned pools are provided to diverse sectors including Sugar, Chemicals, Textile, Fertilizer, Cement, Power Production, Energy, Packaging Material, FMCG etc. as well as in Government of Pakistan backed by Ijarah Sukuks.

Disclosure on Complaint Handling

At SC, our clients are at the centre of everything we do. Our colleagues across the franchise value the "voice of the client" that we receive through various touch points and we have made great strides to come upto the expectations of our clients on grievance management, complaint handling and others issues.

The bank has made significant efforts to educate our clients of their rights, and how to go about addressing their concerns. Client touch points were revised, enriched and vastly socialized via all of the Bank's communication channels; same were made part of the branch notice boards and our website, as well. In addition to external communication, internal communication focused on adequate disclosure via product documentation. Conduct assessment has been a key driver across the Bank, where all activities are regularly viewed and handled accordingly.

We continue to focus on enhancing our proposition to facilitate client convenience and offer a seamless banking experience. Operational efficiency was another variable which was a top priority, resulting in reduced turnaround times for applications and service requests, smoother transactions and simpler on-boarding. These things have been at the core of our client management strategy.

In the year 2018, total logins were 40,464 (in the categories of client concerns, feedback & inquires) where majority were resolved within the regulatory timelines having an average resolution turnaround time of 5 days.

Client touch points are as follows:
