COMPANIES HOUSE

STRATEGIC REPORT
BUSINESS REVIEW AND PRINCIPAL ACTIVITIES

First Flexible No. 5 PLC ('the Company') is a wholly owned subsidiary of Arianty Holdings Limited, which is a wholly controlled subsidiary of Paragon Banking Group PLC ('the Group') and was set up to provide finance for its mortgage loan assets, by issuing mortgage backed floating rate loan notes and using the proceeds to purchase mortgage loans from other group companies.

During the year the Company operated in the United Kingdom, its principal activities are the provision of first mortgage loans. There have been no significant changes in the Company's principal activities in the year under review. The directors are not aware, at the date of this report, of any likely major changes in the Company's activities in the next year.

As shown in the Company's profit and loss account on page 9, the Company's net interest income decreased by 53% compared to the prior year (2016: 1% decrease). This was principally due to the reduction in the loan book during the year. The loss after tax has increased from £121,000 to £141,000. This was mainly due to the decrease in net interest income.

The balance sheet on page 10 of the Financial Statements shows the Company's financial position at the year end. Loans to customers have decreased by 11% due to customers redeeming their accounts. As a result asset backed loan notes have reduced by 10% during the year. Details of amounts owed to other group companies are shown in note 18.

No interim dividend was paid during the year (2016: £nil). No final dividend is proposed (2016: £nil).

The Company has entered into derivative contracts in order to provide an economic hedge against its exposure to fixed rate loans to customers. Although these instruments provide an economic hedge the prescriptive nature of the requirements of International Accounting Standard 39 – 'Financial Instruments: Recognition and Measurement' ('IAS 39') means that hedge accounting cannot always be achieved. This has led to the Company recognising a fair value net gain of £70,000 in the year (2016: fair value net loss of £3,000) due to the ineffectiveness of the hedge relationship. This represents a timing difference and cumulative gains and losses recognised will tend to zero over time.

The Group manages its operations on a centralised basis. For this reason, the Company's directors believe that further key performance indicators for the Company are not necessary or appropriate for an understanding of the development, performance or position of the business. The performance of the Group's mortgage lending operation, which includes the Company, is discussed in the Group's Annual Report, which does not form part of this Report.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company is a securitisation company and has been structured so as to avoid, in as far as is possible, all forms of financial risk with its outstanding loan notes match-funded to maturity. An analysis of the Company's exposure to risk, including financial risk, and the steps taken to mitigate these risks are set out in note 4, and a discussion of critical accounting estimates is set out in note 3.

After considering the above, the directors have a reasonable expectation that the Company will have adequate resources to continue in operational existence for the foreseeable future. This is further supported by the Group holding sufficient cash resources to support the Company's obligations as they fall due. For this reason, they continue to adopt the going concern basis in preparing the Financial Statements.

STRATEGIC REPORT (CONTINUED)

ENVIRONMENT

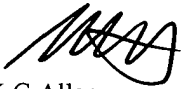

The Group recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements policies to reduce any damage that might be caused by the Group's activities. The Company operates in accordance with group policies, which are described in the Group's Annual Report, which does not form part of this Report.

EMPLOYEES

The Company has no employees. All operational services are provided by employees of the Group. The Group's employment policies are described in its Annual Report, which does not form part of this Report.

Approved by the Board of Directors

and signed on behalf of the Board

K G Allen

Director

23 January 2018

DIRECTORS' REPORT

The directors present their Annual Report prepared in accordance with Schedule 7 to the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 and the audited Financial Statements of First Flexible No. 5 PLC, a company registered in England and Wales with registration no: 04236601, for the year ended 30 September 2017.

CORPORATE GOVERNANCE

The directors have been charged with governance in accordance with the transactional documentation detailing the mechanism and structure of the transaction. The structure of the Group is such that the key policies have been predetermined at the time of issuance and the operational roles have been assigned to third parties with their roles strictly governed by the transaction documents.

DIRECTORS

The directors throughout the year and subsequently were:

J A Harvey (resigned 31 January 2017)

J Fairrie

D P Stolp (resigned 1 November 2016)

K G Allen

J P Nowacki (appointed 21 November 2016, resigned 7 March 2017)

R D Shelton (appointed 21 November 2016)

R J Woodman (appointed 21 November 2016)

J P Giles (appointed 8 March 2017)

P H Whitaker (appointed 8 March 2017)

AUDITOR

The directors have taken all reasonable steps to make themselves and the Company's auditor, KPMG LLP, aware of any information needed in preparing the audit of the Annual Report and Financial Statements for the year, and, as far as each of the directors is aware, there is no relevant audit information of which the auditor is unaware.

A resolution for the re-appointment of KPMG LLP as the auditor of the Company is to be proposed at the forthcoming Annual General Meeting.

INFORMATION PRESENTED IN OTHER SECTIONS

Certain information required to be included in a directors' report by the Companies Act 2006 and regulations made there under can be found in the other sections of the Annual Report, as described below. All of the information presented in these sections is incorporated by reference into this Directors' Report and is deemed to form part of this report.

- Commentary on the likely future developments in the business of the Company is included in the Strategic Report.
- A description of the Company's financial risk management objectives and policies, and its exposure to risks arising from its use of financial instruments are set out in note 4 to the accounts.
- Disclosure on any dividends paid during the year is included in the Strategic Report.

Approved by the Board of Directors

and signed on behalf of the Board

K G Allen

Director

Registered Office: 51 Homer Road, Solihull, West Midlands, B91 3QJ

STATEMENT OF DIRECTORS' RESPONSIBILITIES
in relation to Financial Statements

The directors are responsible for preparing the Annual Report and the Financial Statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of their profit or loss for that period.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets, for the Company's systems of internal control and for taking reasonable steps for the prevention and detection of fraud and other irregularities irregularities and for the preparation of a strategic report and directors' report which comply with the applicable requirements of the Companies Act 2006.

Approved by the Board of Directors and signed on behalf of the Board.

Pandora Sharp
Company Secretary
23 January 2018

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF FIRST FLEXIBLE NO. 5 PLC

1 Our opinion is unmodified

We have audited the Financial Statements of First Flexible No. 5 PLC for the year ended 30 September 2017 which comprise the profit and loss account, the balance sheet, the statement of movement in equity and the related notes 1 to 21, including the accounting policies in note 2.

In our opinion the Financial Statements:

- give a true and fair view of the state of the Company's affairs as at 30 September 2017 and of its loss for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including Financial Reporting Standard 101 – 'Reduced Disclosure Framework'; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion. Our audit opinion is consistent with our report to the audit committee.

We were appointed as auditor by the shareholders on 9 February 2016. The period of total uninterrupted engagement is for the two financial years ended 30 September 2017. We have fulfilled our ethical responsibilities under, and we remain independent of the Group in accordance with, UK ethical requirements including the FRC Ethical Standard as applied to listed public interest entities. No non-audit services prohibited by that standard were provided.

2 Key audit matters: our assessment of risks of material misstatement

Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the financial statements and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by us, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. We summarise below the key audit matters (unchanged from 2016), in decreasing order of audit significance, in arriving at our audit opinion above, together with our key audit procedures to address those matters and, as required for public interest entities, our results from those procedures. These matters were addressed, and our results are based on procedures undertaken, in the context of, and solely for the purpose of, our audit of the financial statements as a whole, and in forming our opinion thereon, and consequently are incidental to that opinion, and we do not provide a separate opinion on these matters.

	The risk	Our response
<p>Revenue recognition on loans and advances</p> <p>(£1,093k; 2016: £1,427k)</p> <p><i>Refer to page 9 (profit and loss account) and note 2 (accounting policy).</i></p>	<p>Subjective estimate:</p> <p>The recognition of revenue (interest receivable) on loans and advances to customers under the effective interest rate ("EIR") method requires the Directors to apply judgement, with the most critical estimate being the loans' expected behavioural life for originated assets.</p> <p>The expected life assumptions utilise repayment profiles which represent how customers are expected to pay. These profiles extend significantly into the future which creates a high level of estimation uncertainty and subjects the judgement to future market changes. The Company makes its expected life assumptions based on its forecasting process which incorporates both historical experience and judgemental overlays by management.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> – Historical comparison: We critically assessed the Company's analysis and key assumptions over the repayment profiles by comparing them to the Company's and Group's historical trends and actual portfolio behaviour; – Our sector experience: We challenged the Company's repayment profiles by applying our own expectations based on our knowledge of the Company and experience of the industry in which it operates; and – Sensitivity analysis: We performed sensitivity analysis over the repayment profiles by applying alternative profiles based upon the above procedures. <p>Our results</p> <ul style="list-style-type: none"> – We found the resulting estimate of the revenue recognition on loans and advances to be acceptable (2016: acceptable)

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF FIRST FLEXIBLE NO. 5 PLC (CONTINUED)**

<p>Impairment of loans and receivables</p> <p>(£163k; 2016: £163k)</p> <p><i>Refer to note 2 (accounting policy).</i></p>	<p>Subjective estimate:</p> <p>The impairment provision relating to the Company's loans to customers requires the Directors to make significant judgements and assumptions over the recoverability of loans and receivables. Impairment provisions are assessed on an individual and collective basis and we consider the key assumptions and risks for each in turn.</p> <p><i>Individual impairment</i></p> <p>The key assumption used within the model is the estimation of the quantum and timing of future cash flows on impaired loans. This estimation includes past payment behaviour, the expected collections approach and the likely collateral valuation. Where the expected collections approach is through future cash repayments, a key estimate is the expected future period, over which these cash repayments will be made.</p> <p><i>Collective impairment</i></p> <p>For the purposes of the collective provision assessment, the Company calculates an emergence provision based on the previous loss experience for loans that have become individually impaired, overlaid with management judgement. There is a risk that the overall provision is not reflective of the incurred losses at the end of the year due to the period of time assumed that it takes for incurred losses to emerge, changes in customer credit quality or other market factors not sufficiently incorporated into the model.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> – Controls: We tested the key controls over the acceptance, monitoring and reporting of credit risk; – Historical comparisons: We critically assessed the Company's assumptions on past payment behaviour, including collateral valuations and growth, the quantum and period of time cash repayments continue to be made after the loan is impaired and emergence provisions by comparing them to the Company's historical experience; – Benchmarking assumptions: We compared the Company's key assumptions on past payment behaviour and emergence period to comparable peer organisations; – Our sector experience: We challenged the Company's key assumptions on the quantum and period of time cash repayments continue to be made after the loan is impaired and emergence provisions by applying our own expectations based upon our knowledge of the Company and experience of the industry in which it operates; and – Sensitivity analysis: We performed sensitivity analysis over the Company's key assumptions on the quantum and period of time cash repayments continue to be made after the loan is impaired, likely collateral valuations and emergence provisions based upon our findings from the above procedures. <p>Our results</p> <ul style="list-style-type: none"> – We found the resulting estimate of the impairment of loans and receivables to be acceptable (2016: acceptable).
--	---	--

3 Our application of materiality and an overview of the scope of our audit

Materiality for the financial statements as a whole was set at £0.48m (2016: £0.53m), determined with reference to a benchmark of total assets of £64.7m, of which it represents 0.75% (2016: 0.75%).

We agreed to report to those charged with governance any corrected or uncorrected identified misstatements exceeding £0.02m (2016: £0.03m), in addition to other identified misstatements that warranted reporting on qualitative grounds.

Our audit of the company was undertaken to the materiality level specified above and was all performed at the company's head office in Solihull.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF FIRST FLEXIBLE NO. 5 PLC (CONTINUED)

4 We have nothing to report on going concern

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least twelve months from the date of approval of the financial statements. We have nothing to report in these respects.

5 We have nothing to report on the other information in the Annual Report

The directors are responsible for the other information presented in the Annual Report together with the financial statements. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work we have not identified material misstatements in the other information.

Strategic report and directors' report

Based solely on our work on the other information:

- we have not identified material misstatements in the strategic report and the directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

6 We have nothing to report on the other matters on which we are required to report by exception

Under the Companies Act 2006, we are required to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

7 Respective responsibilities

Directors' responsibilities

As explained more fully in their statement set out on page 4, the Directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or other irregularities (see below), or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud, other irregularities or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF FIRST FLEXIBLE NO. 5 PLC (CONTINUED)

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

1. GENERAL INFORMATION

First Flexible No. 5 PLC ('the Company') is a company domiciled in the United Kingdom and incorporated in England and Wales under the Companies Act 2006 with company number 04236601. The address of the registered office is 51 Homer Road, Solihull, West Midlands, B91 3QJ. The nature of the Company's operations and its principal activities are set out in the Strategic Report.

These financial statements are presented in pounds sterling, which is the currency of the economic environment in which the Company operates.

2. ACCOUNTING POLICIES

The Financial Statements have been prepared in accordance with applicable UK accounting standards. Disclosures have been made in accordance with Financial Reporting Standard 101 – 'Reduced Disclosure Framework' ('FRS 101').

As permitted by FRS 100 – 'Application of Financial Reporting Requirements' ('FRS 100') the Company has applied the measurement and recognition requirements of International Financial Reporting Standards ('IFRS') as adopted by the EU, but makes amendments where necessary in order to comply with the Companies Act 2006 and has set out below where advantage of disclosure exemptions provided by FRS 101 has been taken.

Accounting convention

The Financial Statements are prepared under the historical cost convention, except as required in the valuation of certain financial instruments which are carried at fair value.

Going concern

The Financial Statements have been prepared on a going concern basis. The directors have a reasonable expectation that the Company will have adequate resources to continue in operational existence for the foreseeable future. This is further supported by the Group holding sufficient cash resources to support the Company's obligations as they fall due. For this reason, they continue to adopt the going concern basis in preparing the Financial Statements.

Loans to customers

Loans to customers are considered to be 'loans and receivables' as defined by IAS 39. They are therefore accounted for on the amortised cost basis.

Such loans are valued at inception as the amount of initial advance, which is the fair value at that time, inclusive of procurement fees paid to brokers or other business providers and less initial fees paid by the customer. Thereafter they are valued at this amount less the cumulative amortisation calculated using the Effective Interest Rate ('EIR') method. The loan balances are then reduced where necessary by a provision for balances which are considered to be impaired.

The EIR method spreads the expected net income arising from a loan over its expected life. The EIR is that rate of interest which, at inception, exactly discounts the expected future cash payments and receipts arising from the loan to the initial carrying amount.

The Company's policy is to hedge against any exposure to fixed rate loan assets (note 4).

NOTES TO THE ACCOUNTS**YEAR ENDED 30 SEPTEMBER 2017****2. ACCOUNTING POLICIES (CONTINUED)****Impairment of loans and receivables**

Loans and receivables are reviewed for indications of possible impairment throughout the year and at each balance sheet date in accordance with IAS 39. Where loans exhibit objective evidence of impairment (a 'loss event') the carrying value of the loans is reduced to the net present value of their expected future cash flows, including the value of the potential realisation of any security (net of sales costs) discounted at the original EIR.

Within its buy-to-let portfolio the Group utilises a receiver of rent process, whereby the receiver stands between the landlord and tenant and will determine an appropriate strategy for dealing with any delinquency. This strategy may involve the immediate sale of any underlying security or the short or long term letting of the property to cover arrears and principal shortfalls. Properties in receivership are either returned to their landlord owners or sold.

Loss events reflect both loans that display delinquency in contractual payments of principal or interest or, for buy-to-let loans in receivership but up to date at the balance sheet date, properties where the receiver adopts a sale strategy, where a shortfall may or may not arise.

In addition to loans where loss events are evident, loans are also assessed collectively, grouped by risk characteristics and account is taken of any impairment arising due to events which are believed to have taken place but have not been specifically identified at the balance sheet date. Collective impairment provisions are calculated for each key portfolio based on recent historical performance, with adjustments for expected changes in losses based on management's judgement.

For financial accounting purposes provisions for impairments of loans to customers when first recognised in the income statement are held in an allowance account. These balances are released to offset against the gross value of the loan when it is written off to profit and loss on the administration system. After this point a salvage balance may be held in respect of any further recoveries expected on the loan.

Cash at bank

Balances shown as cash at bank in the balance sheet comprise demand deposits and short-term deposits with banks with initial maturities of not more than 90 days.

Deferred purchase consideration

Under the Mortgage sale agreement profits from First Flexible No 5 PLC are paid up to the companies which originated the loans by way of deferred purchase consideration. Deferred purchase consideration is recognised in the period in which it becomes payable and is paid when sufficient cash resources allow. Arianty No. 1 PLC, to whom deferred purchase consideration is paid, is a fellow group company.

Borrowings

Borrowings are carried in the balance sheet on the amortised cost basis. The initial value recognised includes the principal amount received less any discount on issue or costs of issuance.

Interest and all other costs of the funding are expensed to the profit and loss account as interest payable over the term of the borrowing on an Effective Interest Rate basis.

Current tax

Current tax, including UK corporation tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

2. ACCOUNTING POLICIES (CONTINUED)

Deferred taxation

Deferred taxation is provided in full on temporary differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Deferred tax assets are recognised to the extent that it is regarded as probable that they will be recovered. As required by IAS 12 – ‘Income Taxes’, deferred tax assets and liabilities are not discounted to take account of the expected timing of realisation.

Derivative financial instruments

Derivative instruments utilised by the Company comprise interest rate swaps. Such instruments are used for hedging purposes to alter the risk profile of the existing underlying exposure of the Company in line with the Company’s risk management policies (note 4).

The Company does not enter into speculative derivative contracts.

All derivatives are carried in the balance sheet at fair value, as assets where the value is positive or as liabilities where the value is negative. Fair value is based on market prices, where a market exists. If there is no active market, fair value is calculated using present value models which incorporate assumptions based on market conditions and are consistent with accepted economic methodologies for pricing financial instruments. Changes in the fair value of derivatives are recognised in the profit and loss account, except where such amounts are permitted to be taken to equity as part of the accounting for a cash flow hedge.

Hedging

For all hedges, the Company documents, at inception, the relationship between the hedging instruments and the hedged items, as well as its risk management strategy and objectives for undertaking the transaction. The Company also documents its assessment, both at hedge inception and on an ongoing basis, of whether the hedging arrangements put in place are considered to be ‘highly effective’ as defined by IAS 39.

For a fair value hedge, as long as the hedging relationship is deemed ‘highly effective’ and meets the hedging requirements of IAS 39, any gain or loss on the hedging instrument recognised in income can be offset against the fair value loss or gain arising from the hedged item for the hedged risk. For macro hedges (hedges of interest rate risk for a portfolio of loan assets) this fair value adjustment is disclosed in the balance sheet alongside the hedged item, for other hedges the adjustment is made to the carrying value of the hedged asset or liability. Only the net ineffectiveness of the hedge is charged or credited to income. Where a fair value hedge relationship is terminated, or deemed ineffective, the fair value adjustment is amortised over the remaining term of the underlying item.

Where a derivative is used to hedge the variability of cash flows of an asset or liability, it may be designated as a cash flow hedge so long as this relationship meets the hedging requirements of IAS 39. For such an instrument the effective portion of the change in the fair value of the derivative is taken initially to equity, with the ineffective part taken to profit or loss. The amount taken to equity is released to the profit and loss account at the same time as the hedged item affects the profit and loss account. Where a cash flow hedge relationship is terminated, or deemed ineffective, the amount taken to equity will remain there until the hedged transaction is recognised, or is no longer highly probable.

Amounts owed by or to group companies

The balances owed by or to other group companies are carried at the current amount outstanding less any provision.

Revenue

The revenue of the Company comprises of interest receivable. The accounting policy for the recognition of each element of revenue is described separately within these accounting policies.

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

2. ACCOUNTING POLICIES (CONTINUED)

Disclosures

In preparing these financial statements the Company has taken advantage of the exemptions from disclosure provided by FRS 101 in respect of:

- The requirement to produce a cash flow statement and related notes
- Disclosures in respect of transactions with wholly owned subsidiaries
- Disclosures in respect of capital management
- The effects of new, but not yet effective IFRSs
- Disclosures in respect of key management personnel
- Disclosures of transactions with a management entity which provides key management personnel services to the Company

As the consolidated financial statements of Paragon Banking Group PLC, the ultimate parent undertaking of the Company, include equivalent disclosures the Company has also taken advantage of these further exemptions provided by FRS 101:

- Certain disclosures required by IFRS 13 – ‘Fair Value Measurement’
- Certain disclosures required by IFRS 7 – ‘Financial Instruments Disclosures’

The Company presently intends to continue to apply these exemptions in future periods.

NOTES TO THE ACCOUNTS**YEAR ENDED 30 SEPTEMBER 2017****3. CRITICAL ACCOUNTING ESTIMATES**

Certain balances reported in the Financial Statements are based wholly or in part on estimates or assumptions made by the directors. There is, therefore, a potential risk that they may be subject to change in future periods. The most significant of these are:

Impairment losses on loans to customers

Impairment losses on loans are calculated based on statistical models. The key assumptions revolve around estimates of future cash flows from customers' accounts, their timing and, for secured accounts, the expected proceeds from the realisation of the property. These key assumptions are based on observed data from historical patterns and are updated regularly based on new data as it becomes available.

In addition the directors consider how appropriate past trends and patterns might be in the current economic situation and make any adjustments they believe are necessary to reflect the current conditions.

The accuracy of the impairment calculations would therefore be affected by unexpected changes to the economic situation, variances between the models used and the actual results or assumptions which differ from the actual outcomes.

In particular, if the impact of economic factors such as employment levels on customers is worse than is implicit in the model then the number of accounts requiring provision might be greater than suggested by the model, while falls in house prices, over and above any assumed by the model might increase the provision required in respect of accounts currently provided.

Effective interest rates

In order to determine the EIR applicable to loans and borrowings an estimate must be made of the expected life of each loan and hence the cash flows relating thereto. For purchased accounts this will involve estimating the likely future performance of the accounts at the time of acquisition. These estimates are based on historical data and reviewed regularly. For purchased accounts historical data obtained from the vendor will be examined. The accuracy of the EIR applied would therefore be compromised by any differences between actual repayment profiles and that predicted, which in turn would depend directly or indirectly on customer behaviour.

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

4. FINANCIAL RISK MANAGEMENT

The Company's operations are financed principally by floating rate, asset backed loan notes and, to a lesser extent, by a mixture of share capital and loans from other group companies. The Company issues financial instruments to finance the acquisition of its portfolio of loans to customers and uses derivative financial instruments to hedge interest rate risk arising from fixed rate lending. In addition, various financial instruments, for example debtors and accruals, arise directly from the Company's operations.

The principal risks arising from the Company's financial instruments are credit risk, liquidity risk and interest rate risk. The board of the Company's holding company reviews and agrees policies for all companies in the Group managing each of these risks and they are summarised below. These policies have remained unchanged throughout the year and since the year end.

Credit risk

The Company's credit risk is primarily attributable to its loans to customers. The maximum credit risk at 30 September 2017 approximates to the carrying value of loans to customers (note 12). There are no significant concentrations of credit risk due to the large number of customers included in the portfolios.

The Company acquired mortgages from Arianty No.1 PLC, its immediate parent company which place strong emphasis on good credit management at the time of underwriting new loans.

The acquired mortgages are secured by first charges over residential properties in the United Kingdom. Despite this security, in assessing credit risk an applicant's ability to repay the loan remains the overriding factor in the decision to lend by the originating lender. Additionally, each mortgage has the benefit of one or more life assurance policies and certain mortgages have the benefit of a mortgage guarantee indemnity insurance policy.

Mortgages Trust Services PLC, a fellow group company continues to administer the mortgages on behalf of First Flexible No. 5 PLC and the collections process is the same as that utilised for all companies in Mortgage Trust Services PLC.

In order to control credit risk relating to counterparties to the Company's financial instruments, the board of the Company's holding company determines on a group basis, which counterparties the group of companies will deal with, establishes limits for each counterparty and monitors compliance with those limits.

Liquidity risk

The Company's assets are principally financed by asset backed loan notes issued through the securitisation process. Details of the Company's borrowings are given in notes 18 and 19. Securitisation effectively eliminates the Company's liquidity risk by matching the maturity profile of the Company's funding to the profile of the assets to be funded.

Interest rate risk

The Company's policy is to maintain floating rate liabilities and match these with floating rate assets by the use of interest rate swap agreements.

The rates payable on the asset backed loan notes issued by the Company are reset monthly on the basis of LIBOR. The Company's assets predominantly bear LIBOR linked interest rates or are hedged fixed rate assets. The interest rates charged on the Company's variable rate loan assets are determined by reference to, inter alia, the Company's funding costs and the rates being charged on similar products in the market. Generally this ensures the matching of changes in interest rates on the Company's loan assets and borrowings and any exposure arising on the interest rate resets is relatively short term.

In part, the Company's interest rate hedging objectives are achieved by the controlled mismatching of the dates on which instruments mature, redeem or have their interest rates reset.

Currency risk

The Company has no material exposure to foreign currency risk.

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

4. FINANCIAL RISK MANAGEMENT (CONTINUED)

Use of derivative financial instruments

The Company uses derivative financial instruments for risk management purposes. Such instruments are used only to limit the exposure of the Company to movements in market interest or exchange rates, as described above.

It is, and has been throughout the year under review, the Company's policy that no trading in financial instruments shall be undertaken, and hence all of the Company's derivative financial instruments are for commercial hedging purposes. These are used to protect the Company from exposures principally arising from fixed rate lending and borrowings denominated in foreign currencies. Hedge accounting is applied where appropriate, though it should be noted that some derivatives, while forming part of an economic hedge relationship, do not qualify for this accounting treatment under IAS 39 either because natural accounting offsets are expected, or obtaining hedge accounting would be especially onerous.

The Company has designated a number of derivatives as fair value hedges. In particular this treatment is used for hedging the interest rate risk of groups of fixed rate prepayable loan assets with interest rate derivatives on a portfolio basis. The Company believes this solution is the most appropriate as it is consistent with the economic hedging approach taken by the Company to these assets.

5. INTEREST PAYABLE AND SIMILAR CHARGES

	2017 £000	2016 £000
Asset backed loan notes	791	948
Interest rate swaps	57	61
Interest payable to group companies	85	84
	<u>933</u>	<u>1,093</u>

6. DIRECTORS AND EMPLOYEES

Directors' remuneration from the Company during the year is stated in note 9.

The Company had no employees in the current or preceding year. All administration is performed by employees of the Group. The directors of the Company, with the exception of J Fairrie, D P Stolp, J P Nowacki and P H Whitaker, are employed by Paragon Finance PLC, and their remuneration is disclosed within the financial statements of that company, which do not form part of this Report.

7. PROVISIONS FOR LOSSES

	2017 £000	2016 £000
Release of provision		
First mortgage loans (note 12)	-	(1)
	<u>-</u>	<u>(1)</u>

8. FAIR VALUE NET GAIN / (LOSS)

The fair value net gain of £70,000 (2016: fair value net loss of £3,000) represents the accounting volatility on derivative instruments which are matching risk exposure on an economic basis. Some accounting volatility arises on these items due to accounting ineffectiveness on designated hedges, or because hedge accounting has not been adopted or is not achievable on certain items. The gain / (loss) is primarily due to timing differences in income recognition between the derivative instruments and the economically hedged assets and liabilities.

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

9. OPERATING LOSS, BEING LOSS ON ORDINARY ACTIVITIES BEFORE TAXATION

	2017 £000	2016 £000
Operating loss is after charging:		
Directors' fees	3	3
Auditor remuneration - audit services	8	8
Deferred purchase consideration	276	334
	<u>287</u>	<u>343</u>

Non audit fees provided to the Group are disclosed in the accounts of the parent company and the exemption from disclosure of fees payable to the Company's auditor in respect to non-audit services in these financial statements has been taken.

10. TAX ON LOSS ON ORDINARY ACTIVITIES

a) Tax charge for the year

	2017 £000	2016 £000
Current tax		
Corporation tax	54	81
Prior period credit	(13)	-
Total current tax	<u>41</u>	<u>81</u>
Deferred tax (note 17)		
Origination and reversal of timing differences	(25)	(14)
Rate change	1	(10)
Total deferred tax	<u>(24)</u>	<u>(24)</u>
Tax charged on loss on ordinary activities	<u>17</u>	<u>57</u>

b) Factors affecting the tax charge for the year

	2017 £000	2016 £000
Loss before tax	<u>(124)</u>	<u>(64)</u>
UK corporation tax at 19.5% (2016: 20%) based on the loss for the year	(24)	(13)
Effects of:		
Change in rate of taxation on deferred tax balances	1	(10)
Non-deductible expenses	53	80
Prior period credit	(13)	-
Total tax charge	<u>17</u>	<u>57</u>

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

10. TAX ON LOSS ON ORDINARY ACTIVITIES (CONTINUED)

During the year ended 30 September 2015 the Government announced provisions further reducing the rate of corporation tax to 19.0% with effect from 1 April 2017 and to 18.0% from 1 April 2020 which were substantially enacted during the year. The tax rate applying from 1 April 2020 was further reduced to 17% during the year.

Therefore, the standard rate of corporation tax applicable to the Company for the year ended 30 September 2017 is expected to be 19.5%, the rate in the years ending 30 September 2018 and 30 September 2019 are expected to be 19.0%, the rate in the year ending 30 September 2020 is expected to be 18.0% and the rate in subsequent years is expected to be 17.0%. The expected impact on deferred tax balances of the changes to 19.0% and 17.0% was accounted for in the year ended 30 September 2016.

11. FINANCIAL ASSETS

	2017 £000	2016 £000
Loans to customers (note 12)	55,357	61,996
Derivative financial assets (note 13)	-	-
	<u>55,357</u>	<u>61,996</u>

12. LOANS TO CUSTOMERS

Loans to customers at 30 September 2017 and 30 September 2016, which are all denominated and payable in sterling, were first mortgages which are secured on residential property within the United Kingdom and are categorised as loans and receivables as defined by IAS 39.

Mortgage loans have a contractual term of up to thirty years, the borrower is entitled to settle the loan at any point and in most cases such early settlement does take place. All borrowers are required to make monthly payments, except where an initial deferred period is included in the contractual terms.

All the mortgage loans are pledged as collateral for asset backed loan notes at 30 September 2017 and 30 September 2016.

	2017 £000	2016 £000
Balance at 1 October 2016	61,996	67,947
Other debits	1,134	1,483
Provision credit (note 7)	-	1
Repayments and redemptions	(7,773)	(7,435)
Balance at 30 September 2017	<u>55,357</u>	<u>61,996</u>

Other debits include primarily interest charged to customers on loans outstanding and other changes in the amortised cost of the assets caused by the effective interest rate method.

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

13. DERIVATIVE FINANCIAL ASSETS AND LIABILITIES

All of the Company's financial derivatives are held for economic hedging purposes, although not all may be designated for hedge accounting in accordance with the provisions of IAS 39. The analysis below therefore splits derivatives between those accounted for as hedges and those which, while representing an economic hedge do not qualify for this treatment.

	2017 Notional amount	2017 Assets	2017 Liabilities	2016 Notional amount	2016 Assets	2016 Liabilities
	£000	£000	£000	£000	£000	£000
Other derivatives						
Interest rate swaps	49,000	-	(5)	55,000	-	(79)
Total recognised derivative assets / (liabilities)	49,000	-	(5)	55,000	-	(79)

14. DEBTORS

	2017 £000	2016 £000
Amounts falling due within one year:		
Other debtors	296	120
Prepayments and accrued income	4	5
	<u>300</u>	<u>125</u>

15. CALLED UP SHARE CAPITAL

	2017 £	2016 £
Allotted:		
50,000 ordinary shares of £1 each (25p paid)	<u>12,500</u>	<u>12,500</u>

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

16. PROFIT AND LOSS ACCOUNT

	£000
At 1 October 2015	(66)
Loss for the financial year	(121)
At 30 September 2016	(187)
Loss for the financial year	(141)
At 30 September 2017	(328)

17. PROVISION FOR LIABILITIES

The movements in the net liability for deferred tax are as follows:

	2017	2016
	£000	£000
Balance at 1 October 2016	190	214
Profit and loss credit (note 10)	(25)	(14)
Rate change (note 10)	1	(10)
Balance at 30 September 2017	166	190

The net deferred tax liability for which provision has been made is analysed as follows:

Other timing differences	166	190
--------------------------	-----	-----

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

18. CREDITORS

	2017 £000	2016 £000
Amounts falling due within one year:		
Amounts due to group companies	1,942	1,784
Other creditors	209	206
Corporation tax	41	81
Accruals and deferred income	144	89
	<u>2,336</u>	<u>2,160</u>
	2017 £000	2016 £000
Amounts falling due after more than one year:		
Asset backed loan notes	55,181	61,623
Derivative financial liabilities (note 13)	5	79
Deferred purchase consideration – Arianty No. 1 PLC (note 2)	7,350	7,439
	<u>62,536</u>	<u>69,141</u>

A maturity analysis and further details of the asset backed loan notes are given in note 19.

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

19. BORROWINGS

The mortgage backed floating rate notes are secured over a portfolio comprising variable rate mortgage loans secured by first charges over residential properties in the United Kingdom. The notes are subject to mandatory redemption in part on each interest payment date in an amount equal to the principal received or recovered in respect of the mortgage. As a result of this structure, cash received in respect of loan assets is not immediately available for distribution. At 30 September 2017, the amount of restricted cash and investments held within the Company was £9,065,000 (2016: £9,195,000). The maturity date of the notes matches the maturity date of the underlying assets. It is likely that a substantial proportion of these notes will be repaid within five years.

The Company had the option to repay all of the notes at an earlier date (the 'call date'), or at any interest payment date thereafter, at the outstanding principal amount.

Interest is payable at a fixed margin above:

- the London Interbank Offered Rate ('LIBOR') on notes denominated in sterling;

All payments in respect of the notes are required to be made in the currency in which they are denominated.

Notes in issue at 30 September 2017 and 30 September 2016 were:

Notes	Maturity date	Call date	Principal outstanding		Note margin	
			2017	2016	2017	2016
			£m	£m		
'A'	June 2034	July 2009	35.9	40.1	0.46%	0.46%
'M'	June 2034	July 2009	12.4	13.8	1.60%	1.60%
'B'	June 2034	July 2009	6.9	7.7	2.70%	2.70%

All of the above notes are listed on the main market of the London Stock Exchange.

There are no amounts of committed but undrawn facilities at 30 September 2017 and September 2016.

20. RELATED PARTY TRANSACTIONS

The Group has identified the following transactions which are required to be disclosed under the terms of IAS 24 - 'Related Party Disclosures' ('IAS 24').

Transactions with Mortgage Trust Services PLC (MTS) group

At the balance sheet date MTS, a Company under common control as defined by IAS 24, acted as servicer of the mortgages for the Company and earned £58,000 during the year (2016: £63,000) in servicing fees. At the balance sheet date the Company owed £4,000 (2016: £5,000) to MTS in relation to servicing fees plus £4,000 (2016: £5,000) for mortgage fees and insurance and £83,000 (2016: £83,000) in relation to payments made on behalf of the Company, and £4,000 (2016: £nil) in relation to interest charged on the balance owing to MTS, which is included in other creditors. The Company was owed £296,000 (2016: owed £120,000) from MTS relating to monies paid to the servicer, that are yet to be passed onto the company, which is included in other debtors.

Transactions with Paragon Finance PLC (PF)

At the balance sheet date PF, a Company under common control as defined by IAS 24, was owed £114,000 (2016: £113,000) by the Company in relation to payments made on behalf of the Company, which is included in other creditors. During the year the PF earned £5,000 (2016: £6,000) from the Company in relation to interest charged on the balance owing.

NOTES TO THE ACCOUNTS

YEAR ENDED 30 SEPTEMBER 2017

21. ULTIMATE PARENT COMPANY

The immediate parent undertaking is Arianty Holdings Limited. The smallest and largest group into which the Company is consolidated is that of Paragon Banking Group PLC, registered in England and Wales.

The directors regard Paragon Banking Group PLC formerly known as The Paragon Group of Companies PLC as the ultimate controlling party.

Copies of the consolidated financial statements may be obtained from the Company Secretary, 51 Homer Road, Solihull, West Midlands, B91 3QJ.
