OVERVIEW OF GOSFORTH 2017-1 SECURITISATION TRANSACTION

Gosforth Mortgages Trustee 2017-1 Limited (the 'Company') is a Special Purpose Vehicle (SPV) that forms part of a securitisation structure that was established primarily as a means of raising finance for Virgin Money plc.

In our opinion, the financial statements:

- give a true and fair view of the Company's affairs as at 31 December 2018 and of its result for the period then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report below. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon. The Directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Directors

As explained more fully in the Statement of Directors' Responsibilities in respect of the Directors' Report and the Financial Statements set out on page 4, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

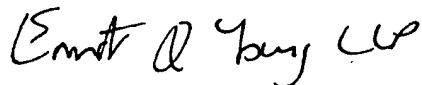

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

10. FINANCIAL RISK MANAGEMENT

The principal risks and uncertainties faced by the Company and the objectives and policies for managing these risks are set out below. Each of the major risk categories is listed below together with a brief description of the risk management framework.

Risk management

In order to manage and control its risks, the Company has implemented a comprehensive set of policies and procedures. The manner in which the principal risks faced by the Company are mitigated is described below.

Gosforth Mortgages Trustee 2017-1 Limited

NOTES TO THE FINANCIAL STATEMENTS For the period ended 31 December 2018

10. FINANCIAL RISK MANAGEMENT (CONTINUED)

Credit risk

Credit risk arises from exposure to loss if another party fails to meet its financial obligations to the Company, including failing to perform them in a timely manner. The Company's main external exposure is represented by cash deposits and permitted investments with third party banks and with Virgin Money plc. If these deposits and permitted investments were not recoverable, this may affect the Company's ability to meet financial obligations due to the beneficial owners of the Trust Property. Deposits can only be made with Virgin Money plc to the extent that the Seller Share exceeds the required Minimum Seller Share of the Trust Property. In the event that a loss was incurred in relation to the deposits made with Virgin Money plc, the Seller Share of the Trust Property would suffer the loss in the first instance. The Company's policy is to continually monitor the credit ratings of the third party banks to ensure that they meet the ratings required by the transaction documents. Exposure levels at the banks are managed by using 'Permitted Investments' as appropriate, enabling cash deposits to be spread across a range of different counterparties.

All financial assets are current and have not been impaired.

The Company trades only with recognised, credit worthy third parties. It is the Company's policy that all counterparties who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis. No receivable balances are past due nor impaired.

Concentration risk

Concentration risk refers to any exposure with the potential to produce losses large enough to threaten the Company's ability to maintain its core operations. This would include exposures to individual counterparties and counterparties in specific geographical locations.

The following table breaks down the Company's main credit exposures by country at their carrying amounts. Exposures are allocated to countries based on the country of domicile of the counterparty:

2018	UK £'000	USA £'000	Total £'000
Cash and cash equivalents	39,103	1	39,104
Receivables	544	-	544
	39,647	1	39,648

Gosforth Mortgages Trustee 2017-1 Limited

NOTES TO THE FINANCIAL STATEMENTS

For the period ended 31 December 2018

10. FINANCIAL RISK MANAGEMENT (CONTINUED)

Liquidity risk

Liquidity risk arises from a mismatch in the cash flows generated from current and expected assets and liabilities. The Company's policy is to ensure that all cash received and held for distribution to the beneficial owners of the Trust Property is deposited in instant access accounts or in permitted investments maturing on or before distribution dates so that distributions can be made in a prompt fashion.

Assets available to meet all of the liabilities as they fall due are cash and cash equivalents. The following table analyses the Company's assets and liabilities into relevant maturity groupings based on the remaining contractual period at the balance sheet date.

2018	All within 3 months £'000
Assets	
Cash and cash equivalents	39,104
Receivables	544
Total assets	39,648
Liabilities	
Payables	39,648
Total liabilities	39,648

Fair values of non-derivative financial assets and liabilities

The following table summarises the carrying amounts and fair values of those financial assets and liabilities not presented on the Company's balance sheet at their fair value. Cash and cash equivalents, receivables and payables are recognised on an amortised cost basis, which is considered to be a close approximation to fair value.

2018	Level 1 £'000	Level 2 £'000	Level 3 £'000	Fair Value £'000	Book Value £'000

10. FINANCIAL RISK MANAGEMENT (CONTINUED)

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as price) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Fair value of cash and cash equivalents approximates to carrying value because cash and cash equivalents have no history of credit losses and are short term in nature or re-price frequently.

Fair value of receivables and payables approximates to carrying value because represent balances that are non-interest bearing and expected to settle within a short time period.

Interest rate risk

Interest rate risk arises as a result of timing differences on the re-pricing of assets and liabilities, unexpected changes in the slope and shape of yield curves and changes in correlation of interest rates between different financial instruments (often referred to as basis risk). The liabilities of the Company are non-interest bearing so this risk is mitigated.

Interest rate profile of financial assets and liabilities

Assets				
Sterling	39,104	-	544	39,648
Liabilities				
Sterling	-	-	39,648	39,648

All floating rate assets re-price monthly.

Operational risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events including legal risk. This risk is mitigated by monitoring compliance with the transaction documents.

All risk matters are outsourced to Virgin Money plc.

NOTES TO THE FINANCIAL STATEMENTS For the period ended 31 December 2018
