A fair presentation of the financial statements in accordance with IFRS requires the Directors to:

- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information,
- provide additional disclosures when compliance with the specific requirements in IFRS is insufficient to enable users to understand the impact of particular transactions, other events and conditions on the Company's financial position and financial performance; and
- state that the Company has complied with applicable IFRSs, subject to any material departures disclosed and explained in the financial statements.

The Directors are responsible for maintaining proper accounting records which are intended to disclose with reasonable accuracy at any time the financial position of the Company.
