## Goodrich Controls Holding Limited

### Strategic Report for the year ended 31 December 2019

The directors present their Strategic Report for the company for the year ended 31 December 2019.

The directors, in preparing this strategic report, have complied with s414C(11) of the Companies Act 2006.

At 31 December 2019 the company was a subsidiary of United Technologies Corporation (UTC). Refer to note 15 and the post balance sheet event change of ownership to Raytheon Technologies Corporation (RTX).

#### Review of business and future developments

The directors are satisfied with the results for the year. The directors expect the company to continue as a holding company for the foreseeable future.

#### Key performance indicators

The key financial and other performance indicators during the year were as follows:

	2019 £'000	2018 £'000	Change %
Operating loss	(52)	(154)	66.2%
(Loss) / Profit for the financial year	(207)	1,886	(111.0%)
Total shareholders' funds	120,470	120,677	(0.2%)

The company is a holding company for a number of trading entities.

The company monitors the value of the investments to prevent unexpected impairments and to ensure the value of investments recorded in the financial statements is appropriate.

#### Financial risk management

Given the size of the company, the directors have not delegated the responsibility of monitoring financial risk management to a sub-committee of the board. The company's operations expose it to financial risks as set out below.

##### *Liquidity risk*

The company actively maintains intercompany finance that is designed to ensure the company has sufficient available funds for operations.

##### *Interest rate cash flow risk*

The company has interest-bearing liabilities and interest-bearing assets that include intercompany balances. Rates of interest vary according to market conditions prevailing at the time.

During the month of January 2020, the emergence of the new virus called COVID-19 was announced and was defined by the World Health Organization as a "pandemic situation". The pandemic is not expected to materially impact the financial performance or position of Goodrich Controls Holding Limited. Further details are contained in note 15 to the financial statements.

## **Goodrich Controls Holding Limited**

### **Strategic Report for the year ended 31 December 2019**

#### **Future developments**

On 9 June 2019, UTC entered into a merger agreement with the Raytheon Company to combine its aerospace businesses with Raytheon to form a merged company Raytheon Technologies Corporation ("RTX").

The merger was completed 3 April 2020, shortly after the completion of the separation of Otis and Carrier. As a result of this merger, the Company is now a member of RTX. Further details are contained in note 15 to the financial statements.

#### **Events after the balance sheet date**

Details of significant events since the balance sheet date are contained in note 15 to the financial statements.

#### **Approval**

Approved by the Board and signed on its behalf by:

D Middleton  
Director  
26 August 2020

## **Goodrich Controls Holding Limited**

### **Directors' Report for the year ended 31 December 2019**

The directors present their annual report and the audited financial statements of the company for the year ended 31 December 2019.

#### **Principal activities**

The company is an investment holding company. The subsidiary companies' activities comprise the design, manufacture and supply of advanced technology systems, products and services to the aerospace industry.

#### **Results and dividends**

The loss for the financial year is set out in the profit and loss account on page 9.

There were no dividends proposed, declared or paid in the year (2018: £nil).

#### **Principal risks and uncertainties**

The operations of the company's subsidiaries expose it to a number of risks. From the perspective of the company, the principal risks and uncertainties are integrated within the principal risks of the subsidiaries and are not managed separately. The principal risks and uncertainties of the subsidiaries are discussed in the subsidiaries annual report, which does not form part of this report.

#### **Financial risk management and future developments**

Financial risk management and future developments are currently disclosed in the strategic report on pages 1 and 2.

#### **Going concern**

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus it continues to adopt the going concern basis in preparing the annual financial statements.

Further details regarding the adoption of the going concern basis can be found in the accounting policies in the financial statements.

#### **Modern Slavery Act**

The Company is committed to ensuring slavery and human trafficking are not taking place in its business or supply chains. To this end the Company has published a statement for the reporting period at [www.rtx.com](http://www.rtx.com).

#### **Directors**

The directors who held office during the year and up to the date of signing the financial statements are given below:

P Ross  
G Morris  
D Middleton  
M Phillips (resigned 14 March 2019)  
S McKenna Battal (resigned 2 September 2019)

## **Goodrich Controls Holding Limited**

### **Directors' Report for the year ended 31 December 2019**

#### **Directors' indemnity**

The Company has made qualifying third party indemnity provisions for the benefit of its directors which were made during the year and remain in force at the date of this report.

#### **Statement of directors' responsibilities in respect of the financial statements**

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable laws and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

#### **Directors' confirmations**

In the case of each director in office at the date the Directors' Report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

## **Goodrich Controls Holding Limited**

### **Directors' Report for the year ended 31 December 2019**

#### **Independent Auditors**

PricewaterhouseCoopers LLP have indicated their willingness to be reappointed for another term and appropriate arrangements have been put in place for them to be deemed reappointed as auditors in the absence of an Annual General Meeting.

Approved by the Board and signed on its behalf by:

D Middleton  
Director

# Goodrich Controls Holding Limited

## Independent auditors' report to the members of Goodrich Controls Holding Limited

### Report on the audit of the financial statements

---

#### Opinion

In our opinion, Goodrich Controls Holding Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2019 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report, which comprise: the balance sheet as at 31 December 2019; the profit and loss account, the statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

---

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

---

#### Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

---

#### Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

# Goodrich Controls Holding Limited

## Independent auditors' report to the members of Goodrich Controls Holding Limited

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

### *Strategic Report and Directors' Report*

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 31 December 2019 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

### **Responsibilities for the financial statements and the audit**

#### *Responsibilities of the directors for the financial statements*

As explained more fully in the Statement of directors' responsibilities set out on page 4, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

#### *Auditors' responsibilities for the audit of the financial statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditors' report.

# Goodrich Controls Holding Limited

## Independent auditors' report to the members of Goodrich Controls Holding Limited

### *Use of this report*

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

---

### Other required reporting

---

#### Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

## **Goodrich Controls Holding Limited**

### **Notes to the financial statements For the year ended 31 December 2019**

#### **1. Accounting policies**

Goodrich Controls Holding Limited ('the company') is a holding company for a number of trading entities.

The company is a private company, limited by shares, and is incorporated and domiciled in England, United Kingdom. The address of its registered office is Fore 1, Fore Business Park, Huskisson Way, Shirley, Solihull, West Midlands, B90 4SS.

The principal accounting policies are summarised below. They have all been applied consistently throughout the year and all the years presented, unless otherwise stated.

#### **Basis of accounting**

The company meets the definition of a qualifying entity under FRS 100 (Financial Reporting Standard 100) issued by the Financial Reporting Council.

These financial statements have been prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework (FRS 101)'. The financial statements are therefore prepared in accordance with the Companies Act 2006 as applicable to companies using FRS 101.

The financial statements have been prepared on a going concern basis and also on the historical cost basis.

Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services.

The financial statements contain information about Goodrich Controls Holding Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company is exempt under section 401 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its ultimate parent, United Technologies Corporation, a company incorporated in the United States of America.

As permitted by FRS 101, the company has taken advantage some of the disclosure exemptions available under that standard. The key exemptions taken are as follows:

IFRS 3 - not to restate business combinations before the date of transition

IFRS 7 – financial instrument disclosures

IFRS 13 - disclosure of valuation techniques and inputs used for fair value measurement of assets and liabilities

IAS 1 – information on management of capital

IAS 7 – statement of cash flows

IAS 8 - disclosures in respect of new standards and interpretations that have been issued but are not yet effective

IAS 24 - disclosure of key management compensation and for related party disclosures entered into between two or more members of a group

IAS 1 - the requirement to present roll forward reconciliations in respect of share capital

IAS 16 - the requirement to present roll forward reconciliations in respect of property, plant and equipment

IAS 36 - impairment of assets - paragraphs 130(f)(ii), 130(f)(iii), 134(d) to 134(f) and 135(c) to 135(e)

The group financial statements of United Technologies Corporation are available to the public and can be obtained as set out in note 16.

## **Goodrich Controls Holding Limited**

### **Notes to the financial statements For the year ended 31 December 2019**

#### **1. Accounting policies (continued)**

##### **Adoption of new and revised Standards**

The company has applied IFRS 16 "Leases" (which replaces IAS 17 "Leases") for the first time for the reporting period commencing 1 January 2019.

The company has adopted the modified retrospective approach for IFRS 16 with no impact to the financial statements as a result of applying this standard.

##### **Going concern**

The Company's business activities, together with the factors likely to affect its future development, performance and position are set out in the strategic report. The strategic report also describes the financial position of the Company; its cash flows, liquidity position and borrowing facilities; the Company's objectives, policies and processes for managing its capital; its financial risk management objectives; details of its financial instruments; and its exposure to credit risk and liquidity risk.

The Company meets its day to day working capital requirements through a cash pooling arrangement which is centrally managed by its ultimate parent undertaking.

The parent, Raytheon Technologies Corporation, has expressed its willingness to support the company for at least 12 months from the signing of these financial statements. On this basis the directors consider it appropriate that these financial statements have been prepared on a going concern basis.

##### **Investments**

Except as stated below, fixed asset investments, including investments in subsidiaries and associates, are shown at cost less provision for impairment. Current asset investments are stated at the lower of cost and net realisable value.

Impairment reviews are carried out by the directors when there is indication that impairment may have occurred.

##### **Taxation**

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

## **Goodrich Controls Holding Limited**

### **Notes to the financial statements For the year ended 31 December 2019**

#### **1. Accounting policies (continued)**

##### **Taxation (continued)**

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited in other comprehensive income, in which case the deferred tax is also dealt with in other comprehensive income.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

##### ***Current tax and deferred tax for the year***

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

##### **Dividend and interest income**

Dividend income from investments is recognised when the shareholders' rights to receive payment have been established (provided that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably).

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

##### **Foreign currency**

The financial statements are presented in pounds sterling, which is the currency of the primary economic environment in which the Company operates (its functional currency).

Transactions in currencies other than the functional currency are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

## Goodrich Controls Holding Limited

### Notes to the financial statements For the year ended 31 December 2019

#### 1. Accounting policies (continued)

##### Foreign currency (continued)

Exchange differences are recognised in the profit and loss account in the period in which they arise except for:

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings; and
- exchange differences on transactions entered into to hedge certain foreign currency risks (see below under financial instruments).

##### Interest payable and similar expenses

As explained below, where financial liabilities are measured at amortised cost using the effective interest method, interest expense is recognised on an effective yield basis in the profit and loss account within finance costs.

##### Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised in the company's balance sheet when the company becomes a party to the contractual provisions of the instrument.

##### Financial assets

Financial assets are classified into the following specified categories: at fair value through profit or loss (FVTPL), fair value through other comprehensive income (FVOCI) and amortised cost. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

##### ***Financial assets at fair value through profit or loss or at fair value through other comprehensive income***

Financial assets at fair value through other comprehensive income (FVOCI) comprise:

- Equity securities which are not held for trading, and which the company has irrevocably elected at initial recognition to recognise in this category. These are strategic investments and the company considers this classification to be more relevant.
- Debt securities where contractual cash flows are solely principal and interest and the objective of the company's business model is achieved both by collecting contractual cash flows and selling financial assets

##### ***Financial assets at amortised cost***

The company classifies its financial assets as at amortised cost only if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cash flows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

## **Goodrich Controls Holding Limited**

### **Notes to the financial statements For the year ended 31 December 2019**

#### **1. Accounting policies (continued)**

##### ***Financial assets at fair value through profit and loss***

The following financial assets are classified at fair value through profit or loss (FVTPL):

- debt investments that do not qualify for measurement at either amortised cost
- equity investments that are held for trading, and
- equity investments for which the entity has not elected to recognise fair value gains and losses through OCI.

Investments in subsidiaries are held at cost less accumulated impairment losses.

##### **Impairment of financial assets**

###### ***Assets carried at amortised cost***

The company assesses, at the end of each reporting period, whether there is objective evidence that a financial asset or group of financial assets is impaired.

##### **Debtors and other receivables**

Debtors and other receivables are amounts due from services performed in the ordinary course of business. If collection is expected in one year or less (or in the normal operating cycle of the business, if longer), they are classified as current assets. If not, they are presented as noncurrent assets.

Debtors and other receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

The company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all debtors and other receivables.

#### **2. Critical accounting judgements and key sources of estimation uncertainty**

In the application of the Company's accounting policies, which are described in note 1 above, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

## Goodrich Controls Holding Limited

### Notes to the financial statements For the year ended 31 December 2019

#### 2. Critical accounting judgements and key sources of estimation uncertainty (continued)

##### *Key sources of estimation uncertainty*

The key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

##### **Impairment of investments in subsidiaries**

Determining whether the company's investments in subsidiaries have been impaired requires estimations of the investments' values in use. The value in use calculations require the entity to estimate the future cash flows expected to arise from the investments and suitable discount rates in order to calculate present values. The carrying amount of investments in subsidiaries at the balance sheet date was £306,756,000 (2018: £306,756,000) with no impairment loss recognised in 2019 or 2018.

#### 3. Interest receivable and similar income

	2019 £'000	2018 £'000
Interest receivable from group companies	21,946	21,732
	<b>21,946</b>	<b>21,732</b>

#### 4. Interest payable and similar expenses

	2019 £'000	2018 £'000
Interest payable to group companies	22,101	19,692
	<b>22,101</b>	<b>19,692</b>

#### 5. Operating loss

Operating loss is stated after charging:

	2019 £'000	2018 £'000
Audit fees	14	14

## **Goodrich Controls Holding Limited**

### **Notes to the financial statements For the year ended 31 December 2019**

#### **6. Auditors' remuneration**

Fees payable to PricewaterhouseCoopers LLP and their associates for the audit of the company's annual financial statements were £13,800 (2018: £13,800).

Fees payable to PricewaterhouseCoopers LLP and their associates for non-audit services to the company were £nil (2018: £nil).

#### **7. Staff costs**

The company had no employees during the year (2018: £nil).

#### **8. Directors' remuneration and transactions**

The company paid no emoluments to the directors during the year (2018: £nil).

There was no (2018: £nil) compensation paid for loss of office.

The directors' roles within the Company are deemed to be incidental to their roles as directors within the wider Group and therefore the Company bears no (2018: £nil) cost in relation to these Directors.

The directors of the company are also directors of other group undertakings and their remuneration, including share based payment charges, for the year was paid by other undertakings.

#### 9. Tax on (loss) / profit

##### Tax expense included in profit or loss:

	2019 £'000	2018 £'000
<b>Total tax on (loss) / profit</b>	-	-

##### Factors affecting tax charge for the year

The tax on the profit before tax for the year is lower than (2018: lower than) the standard rate of corporation tax in the UK of 19% (2018: 19%). The charge for the year can be reconciled to the profit in the profit and loss account as follows:

	2019 £'000	2018 £'000
<b>(Loss) / Profit before taxation</b>	<b>(207)</b>	1,886
Tax on (loss) / profit at standard UK corporation tax rate of 19% (2018: 19%)	<b>(39)</b>	358
Expenses not deductible for tax purposes	<b>3,368</b>	3,054
Effects of:		
Group relief surrendered for nil payment	<b>(3,329)</b>	(3,412)
<b>Total tax charge for year</b>	-	-

There is no provided or unprovided deferred tax at 31 December 2019 (2018: £nil).

The tax rate for the current year is the same as the prior year.

##### Factors that may affect future tax charge

In the Spring Budget 2020, the Government announced that from 1 April 2020 the corporation tax rate would remain at 19% (rather than reducing to 17%, as previously enacted). This new law was substantively enacted on 17 March 2020.

#### 15. Subsequent events

United Technologies Corporation ("UTC"), the ultimate parent company of a multinational group of which the Company was a member during the year ended 31 December 2019, separated into three independent companies via spin-off transactions on 3 April 2020: (1) Otis Worldwide Corporation ("Otis"), (2) Carrier Global Corporation ("Carrier"), and (3) UTC, an aerospace company comprised of the Collins Aerospace Systems and Pratt & Whitney businesses.

On 9 June 2019, UTC entered into a merger agreement with the Raytheon Company to combine its aerospace businesses with Raytheon to form a merged company Raytheon Technologies Corporation ("RTX"). The merger was completed 3 April 2020, shortly after the completion of the separation of Otis and Carrier. As a result of this merger, the Company is now a member of RTX.

#### COVID-19

Goodrich Controls Holding Limited is impacted by public health crises such as the global pandemic associated with COVID-19. The COVID-19 pandemic has significantly increased global economic and demand uncertainty. Public and private sector policies and initiatives in the U.S. and worldwide to reduce the transmission of COVID-19, such as the imposition of travel restrictions and the adoption of remote working, have impacted the Company's business, operations and the aerospace sector as a whole.

The Company, and its ultimate parent company, Raytheon Technologies Corporation (RTX) (formerly United Technologies Corporation) are working to protect its employees, maintain business continuity and sustain its operations, including ensuring the safety and protection of its employees working in our offices, manufacturing and service facilities worldwide. The COVID-19 pandemic may also impact RTX's supply chains, including the ability of suppliers and vendors to provide their products and services to RTX, including the Company's subsidiary operations.

COVID-19 has impacted and may further impact the broader economies of affected countries, including negatively impacting economic growth, and creating volatility and unpredictability in financial and capital markets, foreign currency exchange rates, and interest rates. The financial impact of the COVID-19 pandemic cannot be reasonably estimated at this time but may materially affect Goodrich Controls Holding Limited and its subsidiary businesses, financial condition, results of operations and cash flows. The extent of such impact depends on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the scope, severity and duration of the COVID-19 pandemic and actions to contain its spread or treat its impact, among others.

## **Goodrich Controls Holding Limited**

### **Notes to the financial statements For the year ended 31 December 2019**

#### **16. Controlling party**

The company's immediate parent undertaking is Goodrich Control Systems Inc.

The company's ultimate parent undertaking and controlling party is United Technologies Corporation, a company incorporated in the United States of America.

On 3 April 2020 the company's ultimate parent undertaking and controlling party became Raytheon Technologies Corporation, a company incorporated in the United States of America.

United Technologies Corporation is the smallest and largest group to consolidate these financial statements.

Copies of the United Technologies Corporation group financial statements are publicly available and can be obtained from [www.rtx.com](http://www.rtx.com).
